## EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the period ended June 30, 2018 of Gramercy Property Trust and GPT Operating Partnership LP. Unless stated otherwise or the context otherwise requires, references to "Gramercy Property Trust," the "Company" or "Gramercy" mean Gramercy Property Trust and its consolidated subsidiaries; and references to "GPT Operating Partnership LP," the "Operating Partnership" or "GPTOP" mean GPT Operating Partnership LP and its consolidated subsidiaries. The terms "we," "our" and "us" mean the Company and all the entities owned or controlled by the Company, including the Operating Partnership.

The Company is a Maryland real estate investment trust, or REIT, which operates as a self-administered and self-managed entity and is the sole general partner of the Operating Partnership. As the general partner of the Operating Partnership, the Company has full, exclusive and complete responsibility and discretion in the day-to-day management and control of the Operating Partnership.

As of June 30, 2018, the Company owned 96.42% of the outstanding general and limited partnership interest in the Operating Partnership. As of June 30, 2018, noncontrolling investors owned approximately 3.58% of the outstanding limited partnership interest in the Operating Partnership. We refer to these interests as the noncontrolling interests in the Operating Partnership.

The Company and the Operating Partnership are managed and operated as one entity. The financial results of the Operating Partnership are consolidated into the financial statements of the Company. The Company has no significant assets other than its investment in the Operating Partnership. Substantially all of the Company's assets are held by, and its operations are conducted through, the Operating Partnership. Therefore, the assets and liabilities of the Company and the Operating Partnership are substantially the same.

Noncontrolling interests in the Operating Partnership, shareholders' equity of the Company and partners' capital of the Operating Partnership are the main areas of difference between the consolidated financial statements of the Company and those of the Operating Partnership.

We believe combining the quarterly reports on Form 10-Q of the Company and the Operating Partnership into this single report results in the following benefits:

- Combined reports enhance investors' understanding of the Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- Combined reports eliminate duplicative disclosure and provides a more streamlined and readable presentation since a substantial portion of the Company's disclosure applies to both the Company and the Operating Partnership; and
- Combined reports create time and cost efficiencies through the preparation of one combined report instead of two separate reports.

To help investors understand the significant differences between the Company and the Operating Partnership, this report presents the following separate sections for each of the Company and the Operating Partnership:

- Consolidated financial statements; and
- The following notes to the consolidated financial statements:
  - Note 9, Shareholders' Equity (Deficit) of the Company;
  - Note 10, Partners' Capital of the Operating Partnership; and
  - Note 11, Noncontrolling Interests.

This report also includes separate Part I, Item 4. Controls and Procedures sections and separate Exhibit 31 and 32 certifications for each of the Company and the Operating Partnership, respectively, in order to establish that the Chief Executive Officer and the Chief Financial Officer of the Company, in both their capacity as the principal executive officer and principal financial officer of the Company and the principal executive officer and principal financial officer of the general partner of the Operating Partnership, have made the requisite certifications and that the Company and the Operating Partnership are compliant with Rule 13a-15 and Rule 15d-15 of the Securities Exchange Act of 1934, as amended.

## *1. Business and Organization*

Gramercy Property Trust, or the Company or Gramercy, a Maryland real estate investment trust, or REIT, together with its subsidiary, GPT Operating Partnership LP, or the Operating Partnership, is a leading global investor and asset manager of commercial real estate. Gramercy specializes in acquiring and managing high quality, income producing commercial real estate leased to high quality tenants in major markets in the United States and Europe.

Gramercy earns revenues primarily through rental revenues on properties that it owns in the United States. The Company also owns unconsolidated equity investments in the United States, Europe, and Asia. The Company's operations are conducted primarily through the Operating Partnership. As of June 30, 2018, third-party holders of limited partnership interests owned approximately 3.58% of the Operating Partnership. These interests are referred to as the noncontrolling interests in the Operating Partnership. See Note 11 for more information on the Company's noncontrolling interests.

As of June 30, 2018, the Company's wholly-owned portfolio consisted of 355 properties comprising 81,134,150 rentable square feet with 96.7% occupancy. As of June 30, 2018, the Company had ownership interests in 33 properties held in unconsolidated equity investments in the United States and Europe and one property held through the investment in CBRE Strategic Partners Asia. As of June 30, 2018, the Company managed approximately \$2,364,000 of commercial real estate assets, including approximately \$1,617,000 of assets in Europe.

During the six months ended June 30, 2018, the Company acquired three properties aggregating 550,522 square feet for a total purchase price of approximately \$32,690 and placed one development property into service with 126,722 square feet. During the six months ended June 30, 2018, the Company sold 14 properties and one land parcel that was part of another asset aggregating 1,890,057 square feet for total gross proceeds of approximately \$130,983.

Unless the context requires otherwise, all references to "Company," "Gramercy," "we," "our" and "us" mean Gramercy Property Trust and its subsidiaries, including the Operating Partnership and its consolidated subsidiaries.

### *Pending Mergers*

On May 6, 2018, the Company and the Operating Partnership entered into an Agreement and Plan of Merger, or the Merger Agreement, with BRE Glacier Parent L.P., or Parent, BRE Glacier L.P., or Merger Sub I, and BRE Glacier Acquisition L.P., or Merger Sub II, all of which are affiliates of Blackstone Real Estate Partners VIII L.P., an affiliate of The Blackstone Group L.P. Pursuant to the Merger Agreement, Merger Sub II will merge with and into the Operating Partnership, or the Partnership Merger, and the Company will merge with and into Merger Sub I, or the Company Merger, and, together with the Partnership Merger, the Mergers. Following the Mergers, Merger Sub I and the Operating Partnership will continue as the surviving entities and the separate existence of the Company and Merger Sub II will cease. The Merger Agreement, the Mergers, and the other transactions contemplated thereby were unanimously approved by the Company's board of trustees. Pursuant to the Merger Agreement, the closing of the Mergers will take place on the third business day after satisfaction of waiver of the conditions to the Merger (other than those conditions that by their nature are to be satisfied or waived at the closing, but subject to the satisfaction or waiver of such conditions) or at such other date as mutually agreed to by the parties to the Merger Agreement; however, Parent may on one or more occasions elect to delay the closing to a date that is on or prior to October 10, 2018.

**Gramercy Property Trust and GPT Operating Partnership LP**  
**Notes to Consolidated Financial Statements**  
**(Unaudited, dollar amounts in thousands, except per share and per unit data)**  
**June 30, 2018**

Pursuant to the terms and conditions in the Merger Agreement, each of the Company's common shares, other than shares owned by Parent, Merger Sub I or any subsidiary of Parent, the Company or Merger Sub I and any award of restricted Company common shares, that is issued and outstanding immediately prior to the effective time of the Company Merger will automatically be converted into the right to receive an amount in cash equal to \$27.50, plus, if the Mergers are consummated after October 15, 2018, a per diem amount of approximately \$0.004 for each day from and after such date until, but not including, the closing date, or the Merger Consideration, without interest. Pursuant to the terms and conditions in the Merger Agreement, each of the Company's 7.125% Series A Preferred Shares, or the Series A Preferred Shares, issued and outstanding immediately prior to the effective time of the Company Merger will be redeemed as of the closing date of the Company Merger through the payment of an amount, without interest, equal to \$25.00 plus accrued and unpaid dividends, if any, until, but not including, the closing date.

At the effective time of the Partnership Merger, each outstanding Class A Unit of the Operating Partnership, or OP Unit, other than OP Units held by the Company or any of the Company's subsidiaries or Parent, Merger Sub II, or any of their respective subsidiaries, that is issued and outstanding immediately prior to the effective time of the Partnership Merger will automatically be converted into, and will be cancelled in exchange for, the right to receive an amount in cash equal to the Merger Consideration, without interest, or in lieu of receiving the Merger Consideration, each qualifying holder of an OP Unit may elect to receive one newly created Series B Cumulative Preferred Unit in the surviving partnership for each OP Unit of such holder. Additionally, each unvested unit of limited partnership interest in the Operating Partnership granted by the Company pursuant to its share-based compensation plans, or LTIP Unit, will vest pursuant to its terms on the day prior to the effective time of the Partnership Merger and each vested LTIP Unit (including those that vest on the day prior to the effective time of the Partnership Merger) will be converted into an OP Unit immediately prior to the effective time of the Partnership Merger and treated as an OP Unit as previously described.

In addition, each award of restricted common shares and each restricted share unit, or RSU, award that is outstanding immediately prior to the effective time of the Company Merger will be cancelled in exchange for a cash payment in an amount equal to (i) the number of Company common shares subject to the restricted share or RSU award at that time multiplied by (ii) the Merger Consideration, less any applicable withholding taxes. Each option to purchase Company common shares will be cancelled in exchange for a cash payment in an amount equal to (i) the number of Company common shares subject to the option immediately prior to the effective time of the Company Merger multiplied by (ii) the excess (if any) of the Merger Consideration over the per share exercise price applicable to the option, less any applicable withholding taxes.

The Merger Agreement contains customary representations, warranties and covenants, including, among others, covenants by the Company to, in all material respects, use commercially reasonable efforts to carry on its business in the ordinary course of business consistent with past practice, subject to certain exceptions, during the period between the execution of the Merger Agreement and the consummation of the Mergers. The obligations of the parties to consummate the Mergers are not subject to any financing condition or the receipt of any financing by Parent, Merger Sub I, or Merger Sub II.

The consummation of the Mergers is subject to certain customary closing conditions, including, among others, approval of the Company Merger and the other transactions contemplated by the Merger Agreement by the affirmative vote of the holders of Company common shares entitled to cast not less than a majority of all of the votes entitled to be cast on the matter, or the Company Requisite Vote. The Company will convene a shareholders' meeting for purposes

**(Unaudited, dollar amounts in thousands, except per share and per unit data)**  
**June 30, 2018**

of obtaining the Company Requisite Vote on August 9, 2018, as described in its definitive proxy statement filed on June 27, 2018.

Upon a termination of the Merger Agreement, under certain circumstances, the Company will be required to pay a termination fee to Parent of \$138,000. Upon termination of the Merger Agreement in certain other circumstances, Parent will be required to pay the Company a termination fee up to \$414,000.

This description of certain terms of the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Merger Agreement, a copy of which is included as an exhibit to our definitive proxy statement on Schedule 14A which was filed on June 27, 2018.

## *2. Significant Accounting Policies*

### **Basis of Quarterly Presentation**

The accompanying Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States, or GAAP, for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In management's opinion, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included. The 2018 operating results for the period presented are not necessarily indicative of the results that may be expected for the year ending December 31, 2018. These Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and accompanying notes included in the Annual Report on Form 10-K for the year ended December 31, 2017 of the Company and the Operating Partnership. The Consolidated Balance Sheets at December 31, 2017 were derived from the audited Consolidated Financial Statements at that date.

### **Reclassifications**

Certain prior year balances have been reclassified to conform with the current year presentation. During the fourth quarter of 2017, the Company adopted Accounting Standards Update, or ASU, No. 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash, which requires restricted cash and cash equivalents to be included with cash and cash equivalents when reconciling beginning-of-period and end-of-period total amounts shown on the Consolidated Statements of Cash Flows. As a result of the adoption, net cash provided by operating activities changed by \$19, net cash used in investing activities changed by \$26,523, and net cash provided by financing activities changed by \$880, for the six months ended June 30, 2017.

### **Principles of Consolidation**

The Consolidated Financial Statements include the Company's accounts and those of the Company's subsidiaries which are wholly-owned or controlled by the Company, or entities which are variable interest entities, or VIEs, in which the Company is the primary beneficiary. The primary beneficiary is the party that absorbs a majority of the VIE's anticipated losses and/or a majority of the expected returns. The Company has evaluated its investments for potential classification as variable interests by evaluating the sufficiency of each entity's equity investment at risk to absorb losses.

Entities which the Company does not control and are considered VIEs, but for which the Company is not the primary beneficiary, are accounted for under the equity method. All significant intercompany balances and transactions have

been eliminated. The equity interests of other limited partners in the Company's Operating Partnership are reflected as noncontrolling interests. See Note 11 for more information on the Company's noncontrolling interests.

## **Real Estate Investments**

### *Real Estate Acquisitions*

The Company evaluates its acquisitions of real estate, including equity interests in entities that predominantly hold real estate assets, to determine if the acquired assets meet the definition of a business and need to be accounted for as a business combination, or alternatively, should be accounted for as an asset acquisition. An integrated set of assets and activities acquired does not meet the definition of a business if either (i) substantially all the fair value of the gross assets acquired is concentrated in either a single identifiable asset or a group of similar identifiable assets, or (ii) the asset and activities acquired do not contain at least an input and a substantive process that together significantly contribute to the ability to create outputs. The Company expects that its acquisitions of real estate will continue to not meet the definition of a business.

Acquisitions of real estate that do not meet the definition of a business, including sale-leaseback transactions that have newly-originated leases and real estate investments under construction, or build-to-suit investments, are recorded as asset acquisitions. The accounting for asset acquisitions is similar to the accounting for business combinations, except that the acquisition consideration, including acquisition costs, is allocated to the individual assets acquired and liabilities assumed on a relative fair value basis. Based on this allocation methodology, asset acquisitions do not result in the recognition of goodwill or a bargain purchase. The Company incurs internal transaction costs, which are direct, incremental internal costs related to acquisitions, that are recorded within general and administrative expense. Additionally, for build-to-suit investments in which the Company may engage a developer to construct a property or provide funds to a tenant to develop a property, the Company capitalizes the funds provided to the developer/tenant and real estate taxes, if applicable, during the construction period.

To determine the fair value of assets acquired and liabilities assumed in an acquisition, which generally include land, building, improvements, and intangibles, such as the value of above- and below-market leases and origination costs associated with the in-place leases at the acquisition date, the Company utilizes various estimates, processes and information to determine the as-if-vacant property value. Estimates of value are made using customary methods, including data from appraisals, comparable sales, and discounted cash flow analyses. Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. The Company assesses the fair value of leases assumed at acquisition based upon estimated cash flow projections that utilize appropriate discount rates and available market information. Refer to the policy section "Intangible Assets and Liabilities" for more information on the Company's accounting for intangibles.

Depreciation is computed using the straight-line method over the shorter of the estimated useful life at acquisition of the capitalized item or 40 years for buildings, five to ten years for building equipment and fixtures, and the lesser of the useful life or the remaining lease term for tenant improvements and leasehold interests. Maintenance and repair expenditures are expensed as incurred.

For transactions that qualify as business combinations, the Company recognizes the assets acquired and liabilities assumed at fair value, including the value of intangible assets and liabilities, and any excess or deficit of the consideration

transferred relative to the fair value of the net assets acquired is recorded as goodwill or a bargain purchase gain, as appropriate. Acquisition costs of business combinations are expensed as incurred.

### ***Capital Improvements***

In leasing space, the Company may provide funding to the lessee through a tenant allowance. Certain improvements are capitalized when they are determined to increase the useful life of the building. During construction of qualifying projects, the Company capitalizes project management fees as permitted to be charged under the lease, if incremental and identifiable. In accounting for tenant allowances, the Company determines whether the allowance represents funding for the construction of leasehold improvements and evaluates the ownership of such improvements. If the Company is considered the owner of the leasehold improvements, the Company capitalizes the amount of the tenant allowance and depreciates it over the shorter of the useful life of the leasehold improvements or the lease term. If the tenant allowance represents a payment for a purpose other than funding leasehold improvements, or in the event the Company is not considered the owner of the improvements for accounting purposes, the allowance is considered to be a lease incentive and is recognized over the lease term as a reduction of rental revenue.

### ***Impairments and Disposals***

The Company reviews the recoverability of a property's carrying value when circumstances indicate a possible impairment of the value of a property, such as an adverse change in future expected occupancy or a significant decrease in the market price of an asset. The review of recoverability is based on an estimate of the future undiscounted cash flows, excluding interest charges, expected to result from the property's use and eventual disposition. These estimates consider factors such as changes in strategy resulting in an increased or decreased holding period, expected future operating income, market and other applicable trends and residual value, as well as the effects of leasing demand, competition and other factors. If management determines impairment exists due to the inability to recover the carrying value of a property, for properties to be held and used, an impairment loss is recorded to the extent that the carrying value exceeds the estimated fair value of the property, and for assets held for sale, an impairment loss is recorded to the extent that the carrying value exceeds the fair value less the estimated cost of disposal. These assessments are recorded as an impairment loss in the Consolidated Statements of Operations in the period the determination is made. The estimated fair value of the asset becomes its new cost basis. For a depreciable long-lived asset to be held and used, the new cost basis will be depreciated or amortized over the remaining useful life of that asset.

The Company recognizes sales of real estate properties upon closing, at which time the Company transfers control of the assets to the purchaser. Payments received from purchasers prior to closing are recorded as deposits. Profit on real estate sold is based on the transaction price and is recognized using the full accrual method upon closing.

### **Cash, Cash Equivalents, and Restricted Cash**

The Company considers all highly liquid investments with maturities of three months or less when purchased to be cash equivalents. The Company's restricted cash primarily consists of reserves for certain capital improvements, leasing, interest and real estate tax and insurance payments as required by certain mortgage note obligations, as well as proceeds from property sales held by qualified intermediaries to be used for tax-deferred, like-kind exchanges under section 1031 of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code.

### Variable Interest Entities

The Company had five consolidated VIEs and two unconsolidated VIEs as of June 30, 2018 and December 31, 2017, which were determined based on the structure and control provisions of each entity.

The Company's five consolidated VIEs as of June 30, 2018 and December 31, 2017 included the Operating Partnership and four land parcels in Fort Mill, South Carolina acquired by an investment entity formed in December 2017, on which it will fund the development of four industrial facilities, or the Lakemont Development Investment. The Company has a 95.0% interest in the Lakemont Development Investment and will acquire the seller's retained 5.0% interest when the properties are developed and leased. As of June 30, 2018 and December 31, 2017, the Company's carrying value of the Lakemont Development Investment was \$4,765 and \$4,584, respectively.

The Company's two unconsolidated VIEs as of June 30, 2018 and December 31, 2017 included its retained non-investment grade subordinate bonds, preferred shares and ordinary shares of two collateralized debt obligations, or CDOs, which are collectively herein referred to as the Retained CDO Bonds. Refer to the "Other Assets" section of this Note 2 and also to Note 7 for more information on the accounting and valuation of the Retained CDO Bonds. As of June 30, 2018 and December 31, 2017, the Company's carrying value of the Retained CDO Bonds was \$6,792 and \$5,527, respectively.

### Tenant and Other Receivables

Tenant and other receivables are derived from rental revenue, tenant reimbursements, and management fees.

Rental revenue is recorded on a straight-line basis over the initial term of the lease. Since many leases provide for rental increases at specified intervals, straight-line basis accounting requires the Company to record a receivable, and include in revenues, unbilled rent receivables that will only be received if the tenant makes all rent payments required through the expiration of the initial term of the lease. Tenant and other receivables also include receivables related to tenant reimbursements for common area maintenance expenses and certain other recoverable expenses that are recognized as revenue in the period in which the related expenses are incurred.

Tenant and other receivables are recorded net of the allowance for doubtful accounts, which as of June 30, 2018 and December 31, 2017 was \$692 and \$638, respectively. The Company continually reviews receivables related to rent, tenant reimbursements, and management fees, including incentive fees, and determines collectability by taking into consideration the tenant or asset management clients' payment history, the financial condition of the tenant or asset management client, business conditions in the industry in which the tenant or asset management client operates and economic conditions in the area in which the property or asset management client is located. In the event that the

**(Unaudited, dollar amounts in thousands, except per share and per unit data)**  
**June 30, 2018**

collectability of a receivable is in doubt, the Company increases the allowance for doubtful accounts or records a direct write-off of the receivable, as appropriate.

### **Intangible Assets and Liabilities**

As discussed above in policy section, "Real Estate Acquisitions," the Company follows the acquisition method of accounting for its asset acquisitions and business combinations and thus allocates the purchase price of acquired properties to tangible and identifiable intangible assets acquired based on their respective fair values. Identifiable intangible assets include amounts allocated to acquired leases for above- and below-market lease rates and the value of in-place leases. Management also considers information obtained about each property as a result of its pre-acquisition due diligence.

Above-market and below-market lease values for properties acquired are recorded based on the present value of the difference between the contractual amount to be paid pursuant to each in-place lease and management's estimate of the fair market lease rate for each such in-place lease, measured over a period equal to the remaining non-cancelable term of the lease. The present value calculation utilizes a discount rate that reflects the risks associated with the leases acquired. The above-market and below-market lease values are amortized as a reduction of and increase to rental revenue, respectively, over the remaining non-cancelable terms of the respective leases. If a tenant terminates its lease prior to its contractual expiration and no future rental payments will be received, any unamortized balance of the market lease intangibles will be written off to rental revenue.

The aggregate value of in-place leases represents the costs of leasing costs, other tenant related costs, and lost revenue that the Company did not have to incur by acquiring a property that is already occupied. Factors considered by management in its analysis of the in-place lease intangibles include an estimate of carrying costs during the expected lease-up period for each property taking into account current market conditions and costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the anticipated lease-up period. Management also estimates costs to execute similar leases including leasing commissions and other related expenses. The value of in-place leases is amortized to depreciation and amortization expense over the remaining non-cancelable term of the respective leases. In no event does the amortization period for intangible assets exceed the remaining depreciable life of the building. If a tenant terminates its lease prior to its contractual expiration and no future rental payments will be received, any unamortized balance of the in-place lease intangible will be written off to depreciation and amortization expense.

Above-market and below-market ground rent intangibles are recorded for properties acquired in which the Company is the lessee pursuant to a ground lease assumed at acquisition. The above-market and below-market ground rent intangibles are valued similarly to above-market and below-market leases, except that, because the Company is the lessee as opposed to the lessor, the above-market and below-market ground lease values are amortized as a reduction of and increase to rent expense, respectively, over the remaining non-cancelable terms of the respective leases.

Refer to Note 3 for further information on the Company's intangible assets and liabilities.

### **Revenue**

#### ***Adoption of ASC Topic 606, "Revenue from Contracts with Customers"***

**Gramercy Property Trust and GPT Operating Partnership LP**  
**Notes to Consolidated Financial Statements**  
**(Unaudited, dollar amounts in thousands, except per share and per unit data)**  
**June 30, 2018**

The Company adopted ASC Topic 606, which is described below in the section “Recently Issued Accounting Pronouncements,” on January 1, 2018 using the modified retrospective method applied to those contracts which were not completed as of January 1, 2018. Results for reporting periods beginning after January 1, 2018 are presented under the new guidance, while prior period amounts are not adjusted and continue to be reported in accordance with the historic accounting guidance in ASC Topic 605. As a result of adoption, the Company recorded an increase to its opening retained earnings balance of \$663 as of January 1, 2018, which represents the cumulative impact of the new guidance and is related to the Company’s sale of real estate to Strategic Office Partners in 2016. There was no impact to revenues recorded for the three and six months ended June 30, 2018 as a result of adoption of the new revenue guidance.

***Revenue Recognition***

The Company recognizes revenue when control of the promised goods or services is transferred to a customer, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. The Company’s primary sources of revenue include rental revenue, operating expense reimbursements, third-party management fees, and other income, which are disaggregated on the Consolidated Statements of Operations and are described in detail below.

***Real Estate Investments***

Rental revenue from leases on real estate investments is recognized on a straight-line basis over the term of the lease, regardless of when payments are contractually due. For leases on properties that are under construction at the time of acquisition, the Company begins recognition of rental revenue upon completion of construction of the leased asset and delivery of the leased asset to the tenant.

The Company’s lease agreements with tenants also generally contain provisions that require tenants to reimburse the Company for real estate taxes, insurance costs, common area maintenance costs, and other property-related expenses. Under lease arrangements in which the Company is the primary obligor for these expenses, the Company recognizes such amounts as both revenues and operating expenses. Under lease arrangements in which the tenant pays these expenses directly, such amounts are not included in revenues or expenses. These reimbursement amounts are recognized in the period in which the related expenses are incurred.

***Management Fees***

The Company’s asset and property management agreements may contain provisions for fees related to dispositions, administration of the assets including fees related to accounting, valuation and legal services, and management of capital improvements or projects on the underlying assets. The Company recognizes revenue for fees pursuant to its management agreements in the period in which they are earned. Deferred revenue from management fees received prior to the date earned are included in other liabilities on the Consolidated Balance Sheets. For management fee agreements that include multiple performance obligations, the Company allocates revenue to each performance obligation based on its relative standalone selling price, which is primarily determined based on the prices charged to customers.

Certain of the Company’s asset management contracts and agreements with its unconsolidated equity investments include provisions that allow it to earn additional fees, generally described as incentive fees or promoted interests, based on the achievement of a targeted valuation or the achievement of a certain internal rate of return on the managed assets held by third parties or the equity investment. The Company’s incentive fees are accounted for as variable consideration

**Gramercy Property Trust and GPT Operating Partnership LP**  
**Notes to Consolidated Financial Statements**  
**(Unaudited, dollar amounts in thousands, except per share and per unit data)**  
**June 30, 2018**

and revenue is recognized for them based on the Company's estimate of the expected amount to which it will be entitled in exchange for its services. The Company recognizes promoted interest in the period in which it is determined to be appropriately earned pursuant to the terms of the specific agreement. The values of incentive fees and promoted interest fees are periodically evaluated by management.

***Other Income***

Other income primarily consists of income accretion on the Company's Retained CDO Bonds, realized foreign currency exchange gains (losses), and interest income.

**Foreign Currency**

The Company's European management platform performs asset and property management services in Europe. The Company has unconsolidated equity investments in Europe and Asia and previously had two wholly-owned properties in Canada until their dispositions in March 2017. The Company also has borrowings outstanding in euros and British pounds sterling under the multicurrency portion of its revolving credit facility. Refer to Note 4 for more information on the Company's foreign unconsolidated equity investments.

**Other Assets**

The Company includes prepaid expenses, capitalized software costs, contract intangible assets, deferred costs, loan investments, goodwill, derivative assets, and Retained CDO Bonds in other assets.

***Loan Investments***

The Company may originate loans related to specific real estate development projects. In October 2017, the Company entered into an agreement to provide a mezzanine construction loan facility with a maximum commitment of \$250,000 to an industrial developer as borrower. As of June 30, 2018 and December 31, 2017, the carrying value of the Company's loan investments was \$33,169 and \$22,154, respectively, which represents the cost, net of accumulated amortization of loan costs. As of June 30, 2018, the loan investments had a weighted average interest rate of 11.36%. The Company evaluates its loan investments for possible credit losses each period. There were no loan reserves recorded during the three and six months ended June 30, 2018 and all of the Company's loan investments were performing in accordance with the terms of the relevant investments as of June 30, 2018.

***Goodwill***

The Company recognized goodwill of \$3,802 related to the acquisition of Gramercy Europe Limited in December 2014, which it adjusts each reporting period for the effect of foreign currency translation adjustments and tests for impairment on an annual basis, or more frequently if events or changes in circumstances indicate that the asset might be impaired. Based on the prevailing operating results and projected outlook for Gramercy Europe Limited as of June 30, 2018, the Company determined the fair value of Gramercy Europe Limited was less than its carrying value and thus recorded an impairment loss of \$3,293 on its goodwill during the three and six months ended June 30, 2018. The fair value of Gramercy Europe Limited was determined using the income approach, wherein projections of discounted cash flows were based on factors such as forecasts of future real estate investments, operating results, management fees, and discount, promote hurdle and capitalization rates. The carrying value of goodwill at June 30, 2018 and December 31, 2017 was \$0 and \$3,272, respectively.

**Gramercy Property Trust and GPT Operating Partnership LP**  
**Notes to Consolidated Financial Statements**  
**(Unaudited, dollar amounts in thousands, except per share and per unit data)**  
**June 30, 2018**

**Retained CDO Bonds**

The Retained CDO Bonds are non-investment grade subordinate bonds, preferred shares and ordinary shares of two CDOs. Management estimated the timing and amount of cash flows expected to be collected and recognized an investment in the Retained CDO Bonds equal to the net present value of these discounted cash flows. There is no guarantee that the Company will realize any proceeds from this investment, or what the timing will be for the expected remaining life of the Retained CDO Bonds. The Company considers these investments to be not of high credit quality and does not expect a full recovery of interest and principal. Therefore, the Company has suspended interest income accruals on these investments. The Company classifies the Retained CDO Bonds as available for sale. On a quarterly basis, the Company evaluates the Retained CDO Bonds to determine whether significant changes in estimated cash flows or unrealized losses on these investments, if any, reflect a decline in value which is other-than-temporary. If there is a decrease in estimated cash flows and the investment is in an unrealized loss position, the Company will record an other-than-temporary impairment, or OTTI, in the Consolidated Statements of Operations. To determine the component of the OTTI related to expected credit losses, the Company compares the amortized cost basis of the Retained CDO Bonds to the present value of the revised expected cash flows, discounted using the pre-impairment effective yield. Conversely, if the security is in an unrealized gain position and there is a decrease or significant increase in expected cash flows, the Company will prospectively adjust the yield using the effective yield method. Refer to Note 7 for further discussion regarding the fair value measurement of the Retained CDO Bonds. For the three and six months ended June 30, 2018, the Company did not recognize any OTTI on its Retained CDO Bonds. For the three months ended June 30, 2017, the Company did not recognize any OTTI on its Retained CDO Bonds and for the six months ended June 30, 2017, the Company recognized OTTI of \$4,890 on its Retained CDO Bonds.

A summary of the Company's Retained CDO Bonds as of June 30, 2018 is as follows:

Number of Securities	Face Value	Amortized Cost	Gross Unrealized Gain	Other-Than-Temporary Impairment	Fair Value	Weighted Average Expected Life (years)
6	\$ 332,360	\$ 5,756	\$ 1,036	—	\$ 6,792	0.8

**Concentrations of Credit Risk**

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of cash investments, debt investments and accounts receivable. The Company places its cash investments in excess of insured amounts with high quality financial institutions.

Concentrations of credit risk also arise when a number of the Company's tenants or asset management clients are engaged in similar business activities or are subject to similar economic risks or conditions that could cause their inability to meet contractual obligations to the Company. The Company regularly monitors its portfolio to assess potential concentrations of credit risk. Management believes the current credit risk portfolio is reasonably well diversified. During the three and six months ended June 30, 2018, there were no tenants that accounted for 10.0% or more of the Company's rental revenue. Additionally, during the three and six months ended June 30, 2018, there were two states, Illinois and Texas, that each accounted for 10.0% or more of the Company's rental revenue.

### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### **Recently Issued Accounting Pronouncements**

In May 2014, the FASB issued ASU 2014-09 (Topic 606), Revenue from Contracts with Customers, which is a comprehensive new revenue recognition model requiring a company to recognize revenue to depict the transfer of goods or services to customers in an amount reflecting the consideration it expects to receive in exchange for those goods or services. In April 2016 and February 2017, the FASB issued ASU 2016-10 and ASU 2017-05, respectively, which further clarified the new revenue recognition guidance under ASC Topic 606. The Company adopted the guidance on January 1, 2018 using the modified retrospective method, which did not have a material impact on its Consolidated Financial Statements. Refer to the "Revenue" section above for further detail.

In January 2016, the FASB issued ASU 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities. The guidance requires entities to measure equity investments that do not result in consolidation and are not accounted for under the equity method at fair value and to record changes in instruments specific credit risk for financial liabilities measured under the fair value option in other comprehensive income. The update is effective for fiscal years beginning after December 15, 2017, and for interim periods therein. The Company adopted this standard in the first quarter of 2018 and the adoption did not have a material impact on its Consolidated Financial Statements. Refer to Note 8 for more information.

In February 2016, the FASB issued ASU 2016-02, Leases, which amends the existing accounting standards for lease accounting, including requiring lessees to recognize most leases on their balance sheets and making targeted changes to lessor accounting. The update will be effective beginning in the first quarter of 2019 and early adoption is permitted. The new standard requires a modified retrospective transition approach for all leases existing at, or entered into after, the date of initial application, with an option to use certain transition relief. The Company's accounting for leases in which it is a lessor, which represents most of its leasing arrangements, will be largely unchanged under ASU 2016-02; however, the Company is a lessee in several operating and ground leases and the accounting for these arrangements is more significantly impacted by the new standard. Pursuant to the new guidance, lessees are required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. The Company is continuing to evaluate the impact of adopting the new leases standard on its Consolidated Financial Statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows Classification of Certain Cash Receipts and Cash Payments, which serves to reduce the diversity in practice in how certain cash receipts and cash payments are presented and classified in the statement of cash flows. The update is effective for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years, with early adoption permitted. The Company adopted this standard in the first quarter of 2018 and the adoption did not have a material impact on its Consolidated Financial Statements.

In May 2017, the FASB issued ASU 2017-09, Compensation-Stock Compensation: Scope of Modification Accounting. The amendment provides guidance on determining which changes to the terms and conditions of share-

based payment awards require an entity to apply modification accounting. The guidance is effective for annual and interim periods beginning after December 15, 2017, with early adoption permitted under certain circumstances. The Company adopted this standard in the first quarter of 2018 and the adoption did not have a material impact on its Consolidated Financial Statements.

In August 2017, the FASB issued ASU 2017-12, Derivatives and Hedging: Targeted Improvements to Accounting for Hedging Activities. The purpose of this updated guidance is to better align a company's financial reporting for hedging activities with the economic objectives of those activities. The transition guidance provides companies with the option of early adopting the new standard using a modified retrospective transition method in any interim period after issuance of the update, or alternatively requires adoption for fiscal years beginning after December 15, 2018. In the first quarter of 2018, the Company early adopted this standard and the adoption did not have a material impact on its Consolidated Financial Statements.

Net gain on disposals	\$ 4,523	\$ 2,002	\$ 20,778	\$ 19,379

1. During the three and six months ended June 30, 2018, the Company sold nine and 14 properties, respectively, and also sold a land parcel that was part of another asset.
2. During the three and six months ended June 30, 2017, the Company sold 10 and 17 properties, respectively, as well as two offices that were part of another asset.
3. Although there were no impairments recognized related to assets disposed during the three and six months ended June 30, 2018, as presented in the table, the Company recognized impairments of \$1,308 during these periods related to two properties held as of June 30, 2018 that were determined to have non-recoverable declines in value. In addition to the impairments recognized related to assets disposed during the three and six months ended June 30, 2017, as presented in the table, the Company recognized impairments of \$5,052 during these periods related to three properties held as of June 30, 2017 that were determined to have non-recoverable declines in value.

**Intangibles:**

Intangible assets and liabilities as of June 30, 2018 and December 31, 2017 consisted of the following:

The following table provides the projected amortization expense of the intangible assets and liabilities for the next five years:

	<b>July 1 to December 31, 2018</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>
Depreciation and amortization expense	\$ 44,977	\$ 81,899	\$ 70,915	\$ 60,426	\$ 47,619
Rental revenue increase	\$ (3,271)	\$ (2,854)	\$ (3,559)	\$ (3,450)	\$ (5,467)

The Company recorded \$22,983 and \$24,167 of amortization of in-place lease intangible assets as part of depreciation and amortization expense for the three months ended June 30, 2018 and 2017, respectively. The Company recorded \$49,142 and \$48,339 of amortization of in-place lease intangible assets as part of depreciation and amortization expense for the six months ended June 30, 2018 and 2017, respectively. The Company recorded \$1,433 and \$4,756 of amortization of market lease intangible assets and liabilities as an increase to rental revenue for the three months ended June 30, 2018 and 2017, respectively. The Company recorded \$1,927 and \$5,377 of amortization of market lease intangible assets and liabilities as an increase to rental revenue for the six months ended June 30, 2018 and 2017, respectively.

#### **Assets Held for Sale**

In the normal course of business, the Company identifies non-strategic assets for sale. The Company separately classifies properties held for sale in its Consolidated Financial Statements. The Company had no assets classified as held for sale as of June 30, 2018 and one asset classified as held for sale as of December 31, 2017, which had a net asset value of \$402. The net asset value of the asset held for sale represents the value contained in real estate investments. Real estate investments to be disposed of are reported at the lower of carrying amount or estimated fair value, less costs to sell. Once an asset is classified as held for sale, depreciation and amortization expense is no longer recorded.

#### **Discontinued Operations**

The Company did not have discontinued operations for the three and six months ended June 30, 2018. The Company's discontinued operations for the three and six months ended June 30, 2017 were related to the assets assumed in the Company's merger transaction in 2015 and simultaneously designated as held for sale.

#### **4. Unconsolidated Equity Investments**

The Company has investments in a variety of ventures. The Company will co-invest in entities that own multiple properties with various investors or with one partner. The Company may manage the ventures and earn fees, such as asset and property management fees, incentive fees, and promoted interest for its services, or one of the other partners will manage the ventures for similar such fees. Depending on the structure of the venture, the Company's voting interest may be different than its economic interest.

The Company accounts for substantially all of its unconsolidated equity investments under the equity method of accounting because it exercises significant influence, but does not unilaterally control the entities, and is not considered to be the primary beneficiary. In unconsolidated equity investments, the rights of the other investors are protective and participating. Unless the Company is determined to be the primary beneficiary, these rights preclude it from consolidating the investments. The investments are recorded initially at cost as unconsolidated equity investments, as applicable, and

**June 30, 2018**

subsequently are adjusted for equity interest in net income and contributions and distributions. The amount of the investments on the Consolidated Balance Sheets is evaluated for impairment at each reporting period. None of the unconsolidated equity investment debt is recourse to the Company. Transactions with unconsolidated equity method entities are eliminated to the extent of the Company's ownership in each such entity. Accordingly, the Company's share of net income of these equity method entities is included in its consolidated net income.

As of June 30, 2018 and December 31, 2017, the Company owned properties through unconsolidated equity investments and had investment interests in these unconsolidated entities as follows:

Investment	As of June 30, 2018				As of December 31, 2017

### **Strategic Office Partners**

In August 2016, the Company partnered with TPG Real Estate, or TPG, to form Strategic Office Partners, an unconsolidated equity investment created for the purpose of acquiring, owning, operating, leasing and selling single-tenant office properties located in high-growth metropolitan areas in the United States. The Company provides asset and property management, accounting, construction, and leasing services to Strategic Office Partners, for which it earns management fees and is entitled to a promoted interest. TPG and the Company committed an aggregate \$400,000 to Strategic Office Partners, including \$100,000 from the Company. During the three and six months ended June 30, 2018, the Company contributed \$2,950 to Strategic Office Partners. As of June 30, 2018, the Company contributed an aggregate of \$32,427 to Strategic Office Partners. During the three and six months ended June 30, 2018, the Company did not receive any distributions from Strategic Office Partners.

In July 2018, the Company sold its 25.0% interest in Strategic Office Partners to TPG, and following the sale the Company's has no outstanding commitment to Strategic Office Partners. Refer to Note 15 for more information on the transaction.

### **E-Commerce JV**

In November 2017, the Company formed a joint venture with an investment partner, which will acquire, own and manage Class A distribution centers leased to leading e-commerce tenants on long-term leases across the United States, or the E-Commerce JV. The Company has joint control over the E-Commerce JV, which is shared equally with its investment partner. The Company provides asset and property management and accounting services to the E-Commerce JV, for which it earns management fees. The Company has committed capital to fund the E-Commerce JV's initial acquisition of six properties, as well as the acquisition of additional properties in the future, subject to the partners' approval. The Company's pro rata funding commitment for the initial six properties is estimated at approximately \$110,000, of which approximately \$80,000 will be funded in OP Units issued to the seller of the property and approximately \$30,000 will be funded in cash. During the three and six months ended June 30, 2018, the E-Commerce JV acquired two and four properties, respectively. During the three and six months ended June 30, 2018, the Company contributed \$14,435 and \$15,565, respectively, in cash and also contributed OP Units valued at approximately \$12,416 and \$37,557, respectively, to the E-Commerce JV.

### **European Investment Funds**

#### ***Gramercy European Property Fund III***

In October 2017, the Company formed a new European investment fund with several other equity investment partners, or the Gramercy European Property Fund III, which has total initial capital commitments of \$310,643 (€262,622) from all investors, of which the Company's initial capital commitment is \$61,730 (€52,187), representing an interest of approximately 19.9%. The Company provides asset and property management and accounting services to the Gramercy European Property Fund III, for which it is entitled to management fees and a promoted interest. During the three and six months ended June 30, 2018, the Gramercy European Property Fund III acquired eleven and thirteen properties, respectively. During the three and six months ended June 30, 2018, the Company contributed \$22,710 (€18,987) and \$25,170 (€20,964), respectively, to the Gramercy European Property Fund III. ## **Unsecured Debt**

### ***2015 Credit Facility and Term Loans***

In December 2015, the Company entered into an agreement, or the Credit Agreement, for a new \$1,900,000 credit facility, or the 2015 Credit Facility, consisting of an \$850,000 senior unsecured revolving credit facility, or the 2015 Revolving Credit Facility, and a \$1,050,000 term loan facility with JPMorgan Securities LLC and Merrill Lynch, Pierce, Fenner and Smith Incorporated. The 2015 Revolving Credit Facility consists of a \$750,000 U.S. dollar revolving credit facility and a \$100,000 multicurrency revolving credit facility. The 2015 Revolving Credit Facility matures in January 2020, but may be extended for two additional six-month periods upon the payment of applicable fees and satisfaction of certain customary conditions. The term loan facility, or the 2015 Term Loan, consists of a \$300,000 term loan facility that matures in January 2019 with one 12-month extension option, or the 3-Year Term Loan, and a \$750,000 term loan facility that matures in January 2021, or the 5-Year Term Loan. In December 2015, the Company also entered into a \$175,000 7-year unsecured term loan with Capital One, N.A, or the 7-Year Term Loan, which matures in January 2023. In October 2017, the Company modified the 7-Year Term Loan by increasing the loan amount to \$400,000 and reducing the interest rate to the terms described below.

Outstanding borrowings under the 2015 Revolving Credit Facility incur interest at a floating rate based upon, at the Company's option, either (i) adjusted LIBOR plus an applicable margin ranging from 0.88% to 1.55%, depending on the Company's credit ratings, or (ii) the alternate base rate plus an applicable margin ranging from 0.00% to 0.55%, depending on the Company's credit ratings. The Company is also required to pay quarterly in arrears a 0.13% to 0.30% facility fee, depending on its credit ratings, on the total commitments under the 2015 Revolving Credit Facility. Outstanding borrowings under the 2015 Term Loan and the 7-Year Term Loan incur interest at a floating rate based upon, at the Company's option, either (i) adjusted LIBOR plus an applicable margin ranging from 0.90% to 1.75%, depending on the Company's credit ratings, or (ii) the alternate base rate plus an applicable margin ranging from 0.00% to 0.75%, depending on the Company's credit ratings. The alternate base rate for the 2015 Revolving Credit Facility and the 7-Year Term Loan is the greater of (x) the prime rate announced by JPMorgan Chase Bank, N.A. or Capital One, respectively, (y) 0.50% above the Federal Funds Effective Rate, and (z) the adjusted LIBOR for a one-month interest period plus 1.00%.

The Company's unsecured borrowing facilities include a series of financial and other covenants with which the Company must comply in order to borrow under the facilities. The Company was in compliance with the covenants under the facilities as of June 30, 2018. Refer to the table at the end of this Note 5 for specific terms and the Company's outstanding borrowings under the facilities.

### ***Senior Unsecured Notes***

During 2015 and 2016, the Company issued and sold an aggregate \$500,000 principal amount of senior unsecured notes payable in private placements, which have maturities ranging from 2022 through 2026 and bear interest semiannually at rates ranging from 3.89% to 4.97%. Refer to the table later in Note 5 for specific terms of the Company's Senior Unsecured Notes.

### ***Exchangeable Senior Notes***

In September 2017, the Company's \$115,000 of 3.75% Exchangeable Senior Notes were exchanged for 5,258,420 of the Company's common shares.

## 7. Fair Value Measurements

ASC 820-10, "Fair Value Measurements and Disclosures," provides guidance on the fair value measurement of a financial asset or liability. Inputs used to develop fair value measurements are classified into one of three categories: Level I, defined as observable inputs such as quoted prices in active markets for identical assets or liabilities; Level II, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level III, defined as unobservable inputs for which there is little or no market or pricing data, thus requiring management to use its judgment and develop its own assumptions.

The following table presents the carrying value in the financial statements and approximate fair value of assets and liabilities measured on a recurring and non-recurring basis at June 30, 2018 and December 31, 2017:

	June 30, 2018		December 31, 2017	
	Carrying Value	Fair Value	Carrying Value	Fair Value
<b>Financial assets:</b>				
Interest rate swaps	\$ 35,212	\$ 35,212	\$ 19,668	\$ 19,668
Retained CDO Bonds	6,792	6,792	5,527	5,527
Real estate investments <sup>1</sup>	2,592	2,592	87,996	87,996
Investment in CBRE Strategic Partners Asia	2,062	2,062	2,820	2,820
Loan investments <sup>2</sup>	33,169	28,872	22,154	21,362
<b>Financial liabilities:</b>

3-Year Term Loan <sup>2</sup>	300,000	300,066	300,000	300,091
5-Year Term Loan <sup>2</sup>	750,000	750,573	750,000	750,678
7-Year Term Loan <sup>2</sup>	398,330	400,006	398,152	400,010
Mortgage notes payable <sup>2</sup>	499,215	502,870	563,521	573,826
Senior Unsecured Notes <sup>2</sup>	496,990	494,455	496,785	513,229

1. Amounts represent two and seven real estate investments, respectively, that were impaired by the Company and held as of June 30, 2018 and December 31, 2017.
2. Long-term debt instruments are classified as Level III due to the significance of unobservable inputs which are based upon management assumptions.

The following methods and assumptions were used to estimate the fair value of each class of assets and liabilities for which it is practicable to estimate the value:

**Cash and cash equivalents, marketable securities, accrued interest, and accounts payable:** These balances in the Consolidated Financial Statements reasonably approximate their fair values due to the items' short maturities.

**Loan investments:** Loan investments are presented in other assets on the Consolidated Financial Statements at amortized cost and not fair value. The fair value of each investment is estimated by a discounted cash flow model, using discount rates that best reflect current market rates for financings with similar characteristics and credit quality.

**Mortgage notes payable, unsecured term loans, unsecured revolving credit facilities and senior unsecured notes:** These instruments are presented in the Consolidated Financial Statements at amortized cost and not at fair

value. The fair value of each instrument is estimated by a discounted cash flows model, using discount rates that best reflect current market rates for financings with similar characteristics and credit quality.

**Retained CDO Bonds, investment in CBRE Strategic Partners Asia, real estate investments, and interest rate swaps:** Refer to section below, "Valuation of Level III Instruments," for valuation methods and assumptions used for these Level III assets and liabilities measured at fair value in the Consolidated Financial Statements.

The following discussion of fair value was determined by the Company using available market information and appropriate valuation methodologies. Considerable judgment is necessary to interpret market data and develop estimated fair value. Accordingly, fair values are not necessarily indicative of the amounts the Company could realize on disposition of the assets or liabilities. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Assets and liabilities measured at fair value on a recurring and non-recurring basis are categorized as follows:

### Valuation of Level III Instruments

**Retained CDO Bonds:** Retained CDO Bonds are valued on a recurring basis using an internally developed discounted cash flow models, which require significant assumptions and judgment. The models are most sensitive to the unobservable inputs such as the amount of the recoveries of the underlying securities.

**Investment in CBRE Strategic Partners Asia:** The Company's investment in CBRE Strategic Partners Asia is based on the Level III valuation inputs applied by the investment manager of CBRE Strategic Partners Asia, utilizing a mix of different approaches for valuing the underlying real estate related investments within the investment company. The valuations are most sensitive to the unobservable inputs of discount rates, as well as capitalization rates and expected future cash flows.

**Gramercy Property Trust and GPT Operating Partnership LP**  
**Notes to Consolidated Financial Statements**  
(Unaudited, dollar amounts in thousands, except per share and per unit data)  
**June 30, 2018**

**Real estate investments:** Real estate investments impaired during a period are reported at estimated fair value and real estate investments impaired during a period that are classified as held for sale as of the end of the period are reported at estimated fair value less costs to sell. The fair value of real estate investments and their related lease intangibles is determined using third-party valuation support, including purchase-sale contracts and other available market information. Key assumptions in the valuations, to which the fair value determinations are most sensitive, include discount and capitalization rates as well as expected future cash flows.

**Interest rate swaps:** The Company's derivative instruments as of June 30, 2018 and December 31, 2017 consist of interest rate swaps, which are valued with the assistance of a third-party derivative specialist using a discounted cash flow model, that requires a combination of observable market-based inputs, such as interest rate curves, and unobservable inputs which require significant judgment such as the credit valuation adjustments due to the risk of nonperformance by both the Company and its counterparties. The most significant unobservable input in the fair valuation of interest rate swaps is the credit valuation adjustment as it requires significant management judgment regarding changes in the credit risk of the Company or its counterparties, however the primary driver of the fair value of the interest rate swaps is the forward interest rate curve.

### Fair Value on a Recurring Basis

Quantitative information regarding the valuation techniques and the range of significant unobservable Level III inputs used to determine fair value measurements on a recurring basis as of June 30, 2018 are as follows:

Financial Asset (Liability)	Fair Value	Valuation Technique	Unobservable Inputs	Range
Non-investment grade, subordinate CDO bonds	\$ 6,792	Discounted cash flows	Discount rate	19.0%
Investment in CBRE Strategic Partners Asia	2,062	Discounted cash flows	Discount rate	20.0%
Interest rate swaps	35,212	Hypothetical derivative method	Credit borrowing spread	110 to 175 basis points

The following rollforward table reconciles the beginning and ending balances of financial assets (liabilities) measured at fair value on a recurring basis using Level III inputs as of June 30, 2018:

	Retained CDO Bonds	Investment in CBRE Strategic Partners Asia	Interest Rate Swaps	Total Financial Assets (Liabilities) - Level III

### **Fair Value on a Non-Recurring Basis**

The Company measures its real estate investments impaired during a period, including both assets classified as held for sale and assets held for investment, on a non-recurring basis, and records impairment on these assets as a result of a change in intent to hold the real estate investments. There were two assets measured on a non-recurring basis as of June 30, 2018, which were both classified as held for investment and recorded at \$2,592 as of June 30, 2018. There were seven assets measured on a non-recurring basis as of December 31, 2017, which were all classified as held for investment and recorded at \$87,996 as of December 31, 2017.

### **8. Derivatives and Non-Derivative Hedging Instruments**

In the normal course of business, the Company is exposed to the effect of interest rate changes and foreign exchange rate changes. The Company limits these risks by following established risk management policies and procedures including the use of derivatives and net investment hedges. The Company uses a variety of derivative instruments to manage, or hedge, interest rate risk. The Company enters into hedging and derivative instruments that will be maximally effective in reducing the interest rate risk and foreign currency exchange rate risk exposure that they are designated to hedge. This effectiveness is essential for qualifying for hedge accounting. Instruments that meet these hedging criteria are formally designated as hedges at the inception of the derivative contract. The Company uses a variety of commonly used derivative products that are considered “plain vanilla” derivatives. These derivatives typically include interest rate swaps, forward starting swaps, caps, collars and floors. The Company expressly prohibits the use of unconventional derivative instruments and the use of derivative instruments for trading or speculative purposes. Further, the Company has a policy of only entering into contracts with major financial institutions based upon their credit ratings and other factors.

The Company recognizes all derivatives on the Consolidated Balance Sheets at fair value within other assets or other liabilities, depending on the balance at the end of the period. Derivatives that are not designated as hedges must be adjusted to fair value through income. If a derivative is designated and qualifies as a hedge, depending on the nature of the hedge, changes in the fair value of the derivative will be recognized in other comprehensive income until the hedged item is recognized in earnings. Prior to the Company’s adoption of ASU 2017-12 on January 1, 2018, described in Note 2, the ineffective portion of the change in fair value of a derivative designated as a hedge was immediately recognized in earnings, however subsequent to adoption, the entire change in fair value is recognized in other comprehensive income until the hedged item is recognized in earnings. As a result of adoption, the Company recorded a decrease to its opening retained earnings balance and a corresponding increase to its opening accumulated other comprehensive income balance of \$103 as of January 1, 2018, which represents the cumulative amount of hedge ineffectiveness recorded in the Consolidated Statements of Operations at the time of adoption. Derivative accounting may increase or decrease reported net income and shareholders’ equity prospectively, depending on future levels of the LIBOR swap spreads and other variables affecting the fair values of derivative instruments and hedged items, but will have no effect on cash flows, provided the contract is carried through to full term. Refer to Note 7 for additional information on the Company’s derivative instruments, including the fair value measurement of these instruments.

Borrowings on the Company’s multicurrency tranche of the 2015 Revolving Credit Facility, which are designated as non-derivative net investment hedges, are recognized at par value based on the exchange rate in effect on the date of the draw. Subsequent changes in the exchange rates of the Company’s non-derivative net investment hedges are recognized as part of the cumulative foreign currency translation adjustment within other comprehensive income.

1. Periods prior to January 1, 2018, when the Company adopted ASU 2017-12, include only the effective portion and periods subsequent to January 1, 2018 include both the effective and ineffective portions as the two amounts are no longer separately measured and reported. The six months ended June 30, 2018 includes \$103 related to the adoption of ASU 2017-02.
2. Represents the ineffective portion and pertains only to periods prior to January 1, 2018, when the Company adopted ASU 2017-12.
3. Amounts represent gain recognized during the three and six months ended June 30, 2018 related to the Company's termination of its forward starting swap in June 2018.

During the next 12 months, the Company expects that \$(9,553) will be reclassified from other comprehensive income as an increase in interest expense for the Company's interest rate swaps as of June 30, 2018. Additionally, the Company will recognize \$1,024 in interest expense on a straight-line basis over the remaining original term of terminated swaps through June 2019, representing amortization of the remaining accumulated other comprehensive income balance related to the swap.

The Company hedges exposure to changes in the exchange rates underlying its investments based in foreign currencies using non-derivative net investment hedges in conjunction with borrowings under the multicurrency tranche of its 2015 Revolving Credit Facility. In March 2018, the Company entered into a non-derivative net investment hedge on its euro-denominated investment in the Gramercy European Property Fund III and in prior periods, from September 2015 until disposal of the underlying investments in July 2017, the Company had a non-derivative net investment hedge on its investments in the Gramercy European Property Fund and the Goodman Europe JV, all of which had euros as their functional currencies. The Company's non-derivative net investment hedge on its British pound sterling-denominated investments, which was entered into in July 2016, is used to hedge exposure to changes in the British pound sterling U.S. dollar exchange rate underlying its unconsolidated equity investment in the Goodman UK JV, which has British pounds sterling as its functional currency. The Company's non-derivative net investment hedge values are reported at carrying value and are included in the balance of the senior unsecured revolving credit facility on the Consolidated Balance Sheets. During the three and six months ended June 30, 2018, the Company recorded a net gain of \$1,027 and \$568, respectively, in other comprehensive income from the impact of exchange rates related to the non-derivative net investment hedges. During the three and six months ended June 30, 2017, the Company recorded a net loss of \$4,196 and \$5,119, respectively, in other comprehensive income from the impact of exchange rates related to the non-

derivative net investment hedges. When the non-derivative net investments being hedged are sold or substantially liquidated, the balance of the translation adjustment accumulated in other comprehensive income will be reclassified into earnings.

### **9. Shareholders' Equity (Deficit) of the Company**

As of June 30, 2018 and December 31, 2017, the Company's authorized capital shares consisted of 500,000,000 shares of beneficial interest, \$0.01 par value per share, of which the Company is authorized to issue up to 490,000,000 common shares of beneficial interest, \$0.01 par value per share, or common shares, and 10,000,000 preferred shares of beneficial interest, \$0.01 par value per share, or preferred shares. As of June 30, 2018, 160,792,820 common shares and 3,500,000 preferred shares were issued and outstanding.

During the six months ended June 30, 2018, the Company's common dividends were as follows:

Quarter Ended	Record Date	Payment Date	Common dividend per share
March 31, 2018	3/30/2018	4/16/2018	\$ 0.375
June 30, 2018	6/29/2018	7/16/2018	\$ 0.375

### **Employee Share Purchase Plan**

In June 2017, the Company's shareholders approved an Employee Share Purchase Plan, or ESPP, which enables the Company's eligible employees to purchase the common shares through payroll deductions, subject to the restrictions in the Merger Agreement. The ESPP has a maximum of 250,000 common shares available for issuance and provides for eligible employees to purchase the common shares during defined offering periods at a purchase price determined at the discretion of the board of trustees, which was initially established to be equal to 90.0% of the lower of either (i) the closing price of the Company's common shares on the first day of the offering period and (ii) the closing price of the Company's common shares on the last day of the offering period. As of June 30, 2018, there were 1,374 shares issued under the ESPP. As of June 30, 2018, the ESPP has been suspended, subject to the terms of the Merger Agreement.

### **Dividend Reinvestment Plan**

In June 2016, the Company adopted a dividend reinvestment plan, or DRIP, under which shareholders may use their dividends and optional cash payments to purchase additional common shares of the Company, subject to the restrictions in the Merger Agreement. In August 2016, the Company registered 3,333,333 common shares related to the DRIP. During the six months ended June 30, 2018, 3,363 shares were issued under the DRIP and as of June 30, 2018 there were 3,322,410 shares available for issuance under the DRIP.

### **At-The-Market Equity Offering Program**

In July 2016, the Company's board of trustees approved the establishment of an "at the market" equity issuance program, or ATM Program, pursuant to which the Company may offer and sell common shares with an aggregate gross sales price of up to \$375,000, subject to the restrictions in the Merger Agreement. During the six months ended June 30, 2018, the Company did not sell any common shares through the ATM Program.

### **Preferred Shares**

Holders of the Company's Series A Preferred Shares are entitled to receive annual dividends of \$1.78125 per share on a quarterly basis and dividends are cumulative, subject to certain provisions. On or after August 15, 2019, the Company can, at its option, redeem the Series A Preferred Shares at par for cash. At June 30, 2018, the Company had 3,500,000 of its Series A Preferred Shares outstanding with a mandatory liquidation preference of \$25.00 per share.

### **Equity Incentive Plans**

In June 2016, the Company instituted its 2016 Equity Incentive Plan, which was approved by the Company's board of trustees and shareholders. As of June 30, 2018, there were 2,625,800 shares available for grant under the 2016 Equity Incentive Plan. The Company accounts for share-based compensation awards using fair value recognition provisions and assumes an estimated forfeiture rate which impacts the amount of compensation cost recognized over the benefit period.

Through June 30, 2018, 1,129,130 restricted shares had been issued under the Company's equity incentive plans, including the 2016 Equity Incentive Plan and the Company's previous equity incentive plans, of which 67.2% have vested. As of June 30, 2018 and December 31, 2017, the Company had 341,089 and 347,676 weighted average restricted shares outstanding, respectively.

Compensation expense of \$617 and \$1,158 was recorded for the three and six months ended June 30, 2018, respectively, related to the Company's equity incentive plans. Compensation expense of \$755 and \$1,572 was recorded for the three and six months ended June 30, 2017, respectively, related to the Company's equity incentive plans. Compensation expense of \$4,141 will be recorded over the course of the next 23 months representing the remaining weighted average vesting period of equity awards issued under the equity incentive plans as of June 30, 2018.

Compensation expense of \$1,151 and \$2,289 was recorded for the three and six months ended June 30, 2018, respectively, for the Company's Outperformance Plans. Compensation expense of \$1,070 and \$2,126 was recorded for the three and six months ended June 30, 2017, respectively, for the Company's Outperformance Plans. Compensation expense of \$9,037 will be recorded over the course of the next 32 months, representing the remaining weighted average vesting period of the awards issued under the Outperformance Plans as of June 30, 2018.

### **Earnings per Share**

The Company presents both basic and diluted earnings per share, or EPS. Basic EPS is computed by dividing net income available to common shareholders, as adjusted for unallocated earnings attributable to certain participating securities, if any, by the weighted average number of common shares outstanding during the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common shares were exercised or converted into common shares, as long as their inclusion would not be anti-dilutive. The two-class method is an earnings allocation methodology that determines EPS for common shares and participating securities according to dividends declared or accumulated and participation rights in undistributed earnings. The Company has certain share-based payment awards that contain nonforfeitable rights to dividends, which are considered participating securities for the purposes of computing EPS pursuant to the two-class method, and therefore the Company applies the two-class method in its computation of EPS.

The Company's options and other share-based payment awards used in the computation of EPS were calculated using the treasury share method. As discussed in Note 5, 100.0% of the Company's Exchangeable Senior Notes were exchanged for 5,258,420 of the Company's common shares in September 2017, however for the three and six months ended June 30, 2017, the Company had the intent and ability to settle the debt component of the Exchangeable Senior Notes in cash and the excess conversion premium in shares, thus for that period the Company only included the effect of the excess conversion premium in the calculation of Diluted EPS.

For the three and six months ended June 30, 2018, the net income (loss) attributable to the outside interests in the Operating Partnership has been excluded from the numerator and 5,934,765 and 5,490,217, respectively, weighted average shares related to the outside interests in the Operating Partnership have been excluded from the denominator for the purpose of calculating Diluted EPS as there would have been no effect had such amounts been included. For the three and six months ended June 30, 2017, the net income (loss) attributable to the outside interests in the Operating Partnership has been excluded from the numerator and 560,443 and 590,547, respectively, weighted average shares related to the outside interests in the Operating Partnership have been excluded from the denominator for the purpose of calculating Diluted EPS as there would have been no effect had such amounts been included. Refer to Note 11 for more information on the outside interests in the Operating Partnership.

Cumulative effect of accounting change	103	—
<b>Total accumulated other comprehensive income</b>	<b>\$ 29,125</b>	<b>\$ 12,776</b>

1. The foreign currency translation adjustment associated with the Company's non-derivative net investment hedge related to its European investments is included in other comprehensive income. The balance reflects write-offs of \$1,851 on the Company's non-derivative net investment hedge during the year ended December 31, 2017.

### 10. Partners' Capital of the Operating Partnership

The Company is the sole general partner of the Operating Partnership. As of June 30, 2018, the Company owned 160,792,820 of the outstanding general and limited partnership interests, or 96.42%, of the Operating Partnership. The number of common units in the Operating Partnership is equivalent to the number of outstanding common shares of the Company, and the entitlement of all the Operating Partnership's common units to quarterly distributions and payments in liquidation are substantially the same as those of the Company's common shareholders. Similarly, in the case of each series of preferred units in the Operating Partnership held by the Company, there is a series of preferred shares that is equivalent in number and carries substantially the same terms as such series of the Operating Partnership's preferred units.

#### Limited Partner Units

As of June 30, 2018, limited partners other than the Company owned 5,959,858 common units, or 3.58%, of the Operating Partnership.

#### Earnings per Unit

The Operating Partnership's earnings per unit for the three and six months ended June 30, 2018 and 2017 are computed as follows:

## 11. Noncontrolling Interests

Noncontrolling interests represent the outside equity interests in the Operating Partnership as well as third-party equity interests in the Company's other consolidated subsidiaries.

### Outside Equity Interests in Operating Partnership

The outside equity interests in the Operating Partnership include OP Units and earned and vested LTIP Units, which are convertible on a one-for-one basis into OP Units. The aggregate outstanding noncontrolling interest in the Operating Partnership as of June 30, 2018 represented an interest of approximately 3.58% in the Operating Partnership. A portion of the Operating Partnership's net income (loss) during each reporting period is attributed to noncontrolling interests based on the weighted average percentage ownership of both OP Unit holders and earned and vested LTIP Unit holders relative to the sum of the Company's total outstanding common shares, OP Units, and earned and vested LTIP Units.

#### OP Units

During the six months ended June 30, 2018, the Company issued 1,566,961 OP Units as part of its contribution to fund its pro rata share of the E-Commerce JV's acquisition of four properties. As of June 30, 2018, 5,300,343 OP Units were outstanding, which can be redeemed for 5,300,343 of the Company's shares. During the six months ended June 30, 2018 and the year ended December 31, 2017, 6,038 and 134,607 OP Units, respectively, were converted on a one-for-

one basis into common shares of the Company. At June 30, 2018, 5,300,343 common shares of the Company were reserved for issuance upon redemption of OP Units. OP Units are recorded at the greater of cost basis or fair market value based on the closing share price of the Company's common shares at the end of the reporting period. As of June 30, 2018, the value of the OP Units was \$156,293.

***LTIP Units***

As of June 30, 2018, noncontrolling interest owners held 659,515 earned and vested LTIP Units, which, upon conversion into OP Units, can be redeemed for 659,515 of the Company's common shares. During the six months ended June 30, 2018 and year ended December 31, 2017, there were no earned and vested LTIP Units converted into OP Units or redeemed for common shares of the Company. At June 30, 2018, 659,515 common shares of the Company were reserved for issuance upon conversion of the earned and vested LTIP Units into OP Units and their subsequent redemption for common shares.

Below is the rollforward of the activity relating to the noncontrolling interests in the Operating Partnership as of June 30, 2018:

	<b>Noncontrolling Interest</b>
Balance at January 1, 2018	\$ 113,530
Issuance of noncontrolling interests in the Operating Partnership	37,558

Fair value adjustments	7,448
Dividends	(3,760)
<b>Balance at June 30, 2018</b>	<b>\$ 156,293</b>

**Interests in Other Entities**

There are entities that the Company consolidates into its Consolidated Financial Statements based on the structure of the entities and their control provisions. As of June 30, 2018, the Company consolidated the Lakemont Development Investment and during the year ended December 31, 2017 until its dissolution in the fourth quarter of 2017, the Company consolidated European Fund Manager, which were both consolidated VIEs of the Company. The Company's interest in these entities is presented in the equity section of its Consolidated Financial Statements. Refer to Note 2 for further discussion of these entities and consolidation considerations.

***12. Commitments and Contingencies***

**Funding Commitments**

As of June 30, 2018, the Company is obligated to fund the development of two properties and remaining improvements at two development properties, for which it has remaining cumulative future commitments of \$40,265.

The Company has committed \$61,730 (€52,187) to the Gramercy European Property Fund III. The Company contributed \$28,186 (€23,478) to the Gramercy European Property Fund III as of June 30, 2018. Foreign currency commitments have been converted into U.S. dollars based on (i) the foreign exchange rate at the closing date for completed transactions and (ii) the exchange rate that prevailed on June 30, 2018, in the case of unfunded commitments.

The Company has a 51.0% interest in the E-Commerce JV and has committed capital to fund its pro rata share of the E-Commerce JV's initial acquisition of six properties, as well as the acquisition of additional properties in the future, subject to the partners' approval. The Company's pro rata funding commitment for the initial six properties is estimated at approximately \$110,000, which will be funded using a combination of OP Units and cash. As of June 30, 2018, the Company contributed approximately \$61,304 to the E-Commerce JV, of which \$15,565 was contributed in cash.

The Company committed to fund \$100,000 to Strategic Office Partners, of which \$32,427 was funded as of June 30, 2018. In July 2018, the Company sold its 25.0% interest in Strategic Office Partners to TPG, and following the sale the Company has no outstanding commitment to Strategic Office Partners. Refer to Note 15 for more information on the transaction. See Note 4 for further information on the Gramercy European Property Fund III, the E-Commerce JV, and Strategic Office Partners.

### **Legal Proceedings**

Gramercy and its board of trustees are named as defendants in three pending lawsuits brought by purported Gramercy shareholders challenging the proposed transaction between the Company and affiliates of Blackstone: Anderson v. Gramercy Property Trust et al., No. 1:18-cv-05335-PCK, a purported class action, was filed in the United States District Court for the Southern District of New York on June 13, 2018, Franchi v. Gramercy Property Trust et al., No. 1:18-cv-01842-ELH, a purported class action, was filed in the United States District Court for the District of Maryland on June 20, 2018, and Madry v. Gramercy Property Trust et al., No. 1:18-cv-01851-TDC, an individual action, was filed in the United States District Court for the District of Maryland on June 21, 2018. The complaints allege, among other things, that the individual defendants caused the Company to file a materially incomplete and misleading preliminary proxy statement relating to the proposed transaction in violation of Sections 14(a) and 20(a) of the Exchange Act. The Anderson and Madry complaints seek a variety of equitable and injunctive relief, including enjoining defendants from consummating the proposed merger transaction unless and until the Company provides supplemental disclosures, unspecified damages and, in the case of the Anderson complaint, rescission of the Merger Agreement or any of the terms thereof, or rescissory damages. The Franchi complaint seeks, among other relief, to enjoin defendants from proceeding with, consummating or closing the proposed merger transaction, rescission of the merger transaction or rescissory damages, and dissemination of a supplemental proxy statement. All three complaints also seek an award of attorneys' and expert fees and expenses. The Company believes the lawsuits are without merit. The Company is unable to predict the outcome of these matters.

In addition, the Company and/or one or more of its subsidiaries is party to various litigation matters that are considered routine litigation incidental to its or their business, none of which are considered material.

### **Office Leases**

The Company has several office locations, which are each subject to operating lease agreements. These office locations include the Company's corporate office at 90 Park Avenue, New York, New York, and the Company's various regional offices located across the United States and Europe.

### **Capital and Operating Ground Leases**

Certain properties acquired are subject to ground leases, which are accounted for as operating and capital leases, as applicable. The ground leases have varying ending dates, renewal options and rental rate escalations, with the latest

lease extending to June 2053. Future minimum rental payments to be made by the Company under these non-cancelable ground leases, excluding increases resulting from increases in the consumer price index, are as follows:

	July 1 to December 31, 2018	2019	2020	2021	2022	Thereafter	Total
Ground Leases - Operating	\$ 1,266	\$ 2,593	\$ 2,596	\$ 2,567	\$ 2,598	\$ 73,175	\$ 84,795

### 13. Income Taxes

The Company has elected to be taxed as a REIT, under Sections 856 through 860 of the Internal Revenue Code beginning with its taxable year ended December 31, 2004. To qualify as a REIT, the Company must meet certain organizational and operational requirements, including a requirement to distribute annually at least 90.0% of its ordinary taxable income to its shareholders. As a REIT, the Company generally will not be subject to U.S. federal income tax on taxable income that it distributes to its shareholders. The Operating Partnership is a limited partnership and therefore is generally not liable for federal corporate income taxes as income is reported in the tax returns of its partners. The Operating Partnership may, however, be subject to certain state and local taxes. The Operating Partnership has in the past established taxable REIT subsidiaries, or TRSs, to effect various taxable transactions. Typical transactions that could cause these TRSs to be subject to federal, state and local taxes would include, but are not limited to, gains on property sales and management fee income. Tax expense from the Operating Partnership's TRS for the three and six months ended June 30, 2018 and 2017 was immaterial.

The Company's policy for interest and penalties, if any, on material uncertain tax positions recognized in the financial statements is to classify these as interest expense and operating expense, respectively. As of June 30, 2018 and December 31, 2017, the Company did not incur any material interest or penalties.

**15. Subsequent Events**

Subsequent to June 30, 2018, the Company sold its 25.0% interest in Strategic Office Partners to its investment partner, TPG, for gross proceeds of \$45,382 in a transaction that valued the investment portfolio at an aggregate value of \$388,000. Also subsequent to June 30, 2018, the Company closed on the disposition of two properties for gross proceeds of approximately \$36,650.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(Unaudited, dollar amounts in thousands, except per share and per unit data)

### *Overview*

Gramercy Property Trust, or the Company or Gramercy, a Maryland real estate investment trust, or REIT, together with its subsidiary, GPT Operating Partnership LP, or the Operating Partnership, is a leading global investor and asset manager of commercial real estate. We specialize in acquiring and managing high quality, income producing commercial real estate leased to high quality tenants in major markets in the United States and Europe.

We earn revenues primarily through rental revenues on properties that we own in the United States. We also own unconsolidated equity investments in the United States, Europe, and Asia. Our operations are conducted primarily through the Operating Partnership, of which we are the sole general partner. As of June 30, 2018, third-party holders of limited partnership interests owned approximately 3.58% of the Operating Partnership. These interests are referred to as the noncontrolling interests in the Operating Partnership.

As of June 30, 2018, our wholly-owned portfolio consisted of 355 properties comprising 81,134,150 rentable square feet with 96.7% occupancy. As of June 30, 2018, we had ownership interests in 33 properties held in unconsolidated equity investments in the United States and Europe and one property held through the investment in CBRE Strategic Partners Asia. As of June 30, 2018, we managed approximately \$2,364,000 of commercial real estate assets, including approximately \$1,617,000 of assets in Europe.

During the six months ended June 30, 2018, we acquired three properties aggregating 550,522 square feet for a total purchase price of approximately \$32,690 and placed one development property into service with 126,722 square feet. During the six months ended June 30, 2018, we sold 14 properties and one land parcel that was part of another asset aggregating 1,890,057 square feet for total gross proceeds of approximately \$130,983.

Unless the context requires otherwise, all references to "Company," "Gramercy," "we," "our" and "us" mean Gramercy Property Trust and its subsidiaries, including the Operating Partnership and its consolidated subsidiaries.

### *Pending Mergers*

On May 6, 2018, we entered into an Agreement and Plan of Merger, or the Merger Agreement, with BRE Glacier Parent L.P., or Parent, BRE Glacier L.P., or Merger Sub I, and BRE Glacier Acquisition L.P., or Merger Sub II, all of which are affiliates of Blackstone Real Estate Partners VIII L.P., an affiliate of The Blackstone Group L.P. Pursuant to the Merger Agreement, Merger Sub II will merge with and into the Operating Partnership, or the Partnership Merger, and we will merge with and into Merger Sub I, or the Company Merger, and, together with the Partnership Merger, the Mergers. Following the Mergers, Merger Sub I and the Operating Partnership will continue as the surviving entities and the separate existence of the Company and Merger Sub II will cease. Pursuant to the Merger Agreement, the closing of the Mergers will take place on the third business day after satisfaction of waiver of the conditions to the Merger (other than those conditions that by their nature are to be satisfied or waived at the closing, but subject to the satisfaction or waiver of such conditions) or at such other date as mutually agreed to by the parties to the Merger Agreement; however, Parent may on one or more occasions elect to delay the closing to a date that is on or prior to October 10, 2018. On June 27, 2018, we filed a definitive proxy statement with the Securities and Exchange Commission, or SEC, in connection with the Mergers. See our definitive proxy statement on Schedule 14A, the risk factors contained below under the heading

“Part II - Other Information - Item 1A. Risk Factors” and Note 1 in the accompanying Consolidated Financial Statements for further discussion of the Merger Agreement and the Mergers.

The Mergers are expected to close during the second half of 2018, although closing is subject to various conditions, including the approval of the Company Merger by our common shareholders, and therefore we cannot provide any assurance that the Mergers will close in a timely manner or at all. Our ability to execute on our business plan could be adversely impacted by operating restrictions included in the Merger Agreement, including restrictions on acquiring new assets and raising additional capital. We have incurred and will incur a variety of merger-related costs, which, while not recurring in nature, will not be recoverable if the Mergers are not consummated.

## Results of Operations

### Comparison of the three months ended June 30, 2018 to the three months ended June 30, 2017

#### Revenues

	2018	2017	Change
Rental revenue	\$ 119,177	\$ 108,261	\$ 10,916
Operating expense reimbursements	22,346	19,628	2,718
Third-party management fees	2,374	1,638	736
Other income	1,698	1,838	(140)
<b>Total revenues</b>	<b>\$ 145,595</b>	<b>\$ 131,365</b>	<b>\$ 14,230</b>
<b>Equity in net income (loss) of unconsolidated equity investments</b>	<b>\$ (1,838)</b>	<b>\$ 248</b>	<b>\$ (2,086)</b>

The increase of \$10,916 in rental revenue and \$2,718 in operating expense reimbursements is due to the increase in our wholly-owned property portfolio of 355 properties as of June 30, 2018 compared to 320 properties as of June 30, 2017.

The increase of \$736 in third-party management fees is primarily attributable to an increase of \$520 in revenue from our European management platform during the three months ended June 30, 2018 compared to the three months ended June 30, 2017.

The equity in net income (loss) of unconsolidated equity investments of \$(1,838) and \$248 for the three months ended June 30, 2018 and 2017, respectively, represents our proportionate share of the income (loss) generated by our equity investments.

## Expenses

	2018	2017	Change
Depreciation and amortization	\$ 68,479	\$ 62,176	\$ 6,303
Property operating expenses	26,018	23,219	2,799
General and administrative expenses	8,862	9,100	(238)
Property management expenses	2,616	2,435	181
Merger-related expenses	1,945	—	1,945
Interest expense	25,597	23,239	2,358
Gain on derivative instruments	(14,970)	—	(14,970)
Gain on extinguishment of debt	(83)	(268)	185
Impairment losses	4,601	5,580	(979)
(Benefit) provision for taxes	(62)	147	(209)
Net gain on disposals	(4,523)	(2,002)	(2,521)
<b>Total expenses</b>	<b>\$ 118,480</b>	<b>\$ 123,626</b>	<b>\$ (5,146)</b>

The increase of \$6,303 in depreciation and amortization expense and \$2,799 in property operating expenses is due to our wholly-owned property portfolio of 355 properties as of June 30, 2018 compared to 320 properties as of June 30, 2017. Property operating expenses are composed of expenses directly attributable to our real estate portfolio. Property operating expenses include property related costs which we are responsible for during the lease term but can be passed through to the tenant as operating expense reimbursement revenue.

The increase of \$1,945 in merger-related expenses is due to legal and professional costs incurred related to the pending Mergers.

The increase of \$2,358 in interest expense is primarily due to increased borrowings on our 2015 Revolving Credit Facility and the upsize of our 7-Year Term Loan.

During the three months ended June 30, 2018, we recognized a gain on derivative instruments of \$14,970 related to the termination of our forward starting swap.

During the three months ended June 30, 2018, we recognized impairment losses of \$4,601, of which \$1,308 is related to two properties held as of June 30, 2018 that were determined to have non-recoverable declines in value during the period and \$3,293 is related to the goodwill associated with our European management platform. During the three months ended June 30, 2017, we recognized an impairment on real estate investments of \$5,580 related to three properties held as of June 30, 2017 that were determined to have non-recoverable declines in value during the period.

During the three months ended June 30, 2018 and 2017, we realized a net gain on disposals of \$4,523 and \$2,002, respectively, related to the disposals of properties during the periods.

*Comparison of the six months ended June 30, 2018 to the six months ended June 30, 2017*

**Revenues**

	<b>2018</b>	<b>2017</b>	<b>Change</b>
Rental revenue	\$ 241,422	\$ 211,543	\$ 29,879
Operating expense reimbursements	45,656	39,996	5,660

Other income	2,833	3,590	(757)
<b>Total revenues</b>	<b>\$ 295,075</b>	<b>\$ 261,359</b>	<b>\$ 33,716</b>
<b>Equity in net income (loss) of unconsolidated equity investments</b>	<b>\$ (2,764)</b>	<b>\$ 154</b>	<b>\$ (2,918)</b>

The increase of \$29,879 in rental revenue and \$5,660 in operating expense reimbursements is due to our wholly-owned property portfolio of 355 properties as of June 30, 2018 compared to 320 properties as of June 30, 2017.

The decrease of \$1,066 in third-party management fees is primarily attributable to a decrease of \$3,086 in asset management, property management, incentive fees and accounting fees earned from our contract with KBS, which expired on March 31, 2017. This is partially offset by an increase of \$1,600 in revenue from our European management platform during the six months ended June 30, 2018 compared to the six months ended June 30, 2017.

For the six months ended June 30, 2018, other income is primarily composed of investment income of \$1,934 and property related income of \$935. For the six months ended June 30, 2017, other income is primarily composed of investment income of \$899, property related income of \$1,588, and lease termination fees of \$953.

The equity in net income (loss) of unconsolidated equity investments of \$(2,764) and \$154 for the six months ended June 30, 2018 and 2017, respectively, represents our proportionate share of the income (loss) generated by our unconsolidated equity investments.

## Expenses

	2018	2017	Change
Depreciation and amortization	\$ 139,995	\$ 124,393	\$ 15,602
Property operating expenses	53,106	46,405	6,701
General and administrative expenses	18,548	17,856	692
Property management expenses	5,158	5,519	(361)

Impairment losses	4,601	18,351	(13,750)
(Benefit) provision for taxes	559	(49)	608
Net gain on disposals	(20,778)	(19,379)	(1,399)
<b>Total expenses</b>	<b>\$ 239,170</b>	<b>\$ 244,221</b>	<b>\$ (5,051)</b>

The increase of \$15,602 in depreciation and amortization expense and \$6,701 in property operating expenses is due to our wholly-owned property portfolio of 355 properties as of June 30, 2018 compared to 320 properties as of June 30, 2017. Property operating expenses are composed of expenses directly attributable to our real estate portfolio. Property operating expenses include property related costs which we are responsible for during the lease term but can be passed through to the tenant as operating expense reimbursement revenue.

The increase of \$692 in general and administrative expense is primarily attributable to the increase in transaction costs during the six months ended June 30, 2018.

The increase of \$1,945 in merger-related expenses is due to legal and professional costs incurred related to the pending Mergers.

The increase of \$4,794 in interest expense is primarily due to increased borrowings on our 2015 Revolving Credit Facility and the upsize of our 7-Year Term Loan.

During the six months ended June 30, 2017, we recorded net impairment recognized in earnings of \$4,890 on our Retained CDO Bonds due to adverse changes in expected cash flows related to the Retained CDO Bonds.

During the six months ended June 30, 2018, we recognized a gain on derivative instruments of \$14,970 related to the termination of our forward starting swap.

During the six months ended June 30, 2018, we recognized impairment losses of \$4,601, of which \$1,308 is related to two properties held as of June 30, 2018 that were determined to have non-recoverable declines in value during the period and \$3,293 is related to the goodwill associated with our European management platform. During the six months ended June 30, 2017, we recognized an impairment on real estate investments of \$18,351 related to two properties sold during the period as well as three properties held as of June 30, 2017 that were determined to have non-recoverable declines in value during the period.

The provision for taxes was \$559 and \$(49) for the six months ended June 30, 2018 and 2017, respectively. The increase in our tax provision is primarily attributable to the increase in estimated taxes related to our European management platform.

During the six months ended June 30, 2018 and 2017, we realized a net gain on disposals of \$20,778 and \$19,379, respectively, related to the disposals of properties during the periods.

## *Liquidity and Capital Resources*

The Merger Agreement contains provisions which restrict or prohibit certain capital expenditures as well as certain capital transactions typically used to fund our short and long-term liquidity requirements. Until the Mergers close, or the Merger Agreement is terminated, our liquidity requirements will primarily be funded by our cash flow from operations and certain other capital activities allowed under the Merger Agreement. In particular, we are subject to various restrictions under the Merger Agreement on raising additional capital, issuing additional equity or debt, repurchasing equity or debt, and entering into certain acquisition, disposition and leasing transactions, among other restrictions, subject to the restrictions under the Merger Agreement.

Liquidity is a measurement of our ability to meet cash requirements, including ongoing commitments to fund acquisitions of real estate assets, repay borrowings, pay dividends and other general business needs. In addition to cash on hand, our primary sources of funds for short-term and long-term liquidity requirements, including working capital, distributions, debt service and additional investments, consist of: (i) cash flow from operations; (ii) borrowings under our unsecured revolving credit facility and term loans; (iii) proceeds from sales of real estate; and (iv) proceeds from our common equity and debt offerings. We believe these sources of financing will be sufficient to meet our short-term and long-term liquidity requirements, subject to restrictions under the Merger Agreement.

Our cash flow from operations primarily consists of rental revenue, expense reimbursements from tenants, and third-party management fees. Our cash flow from operations is our principal source of funds that we use to pay operating expenses, debt service, general and administrative expenses, operating capital expenditures, dividends, and acquisition-related expenses. Our ability to fund our short-term liquidity needs, including debt service and general operations (including employment related benefit expenses), through cash flow from operations can be evaluated through the Consolidated Statements of Cash Flows included in the accompanying Consolidated Financial Statements.

Our ability to borrow under our 2015 Revolving Credit Facility and term loan facilities is subject to our ongoing compliance with a number of customary financial covenants including our maximum secured and unsecured leverage ratios, minimum fixed charge coverage ratios, consolidated adjusted net worth values, unencumbered asset values, occupancy rates, and portfolio lease terms.

We have several unconsolidated equity investments with partners who we consider to be financially stable. Our unconsolidated equity investments are financed with non-recourse debt or equity. We believe that cash flows from the underlying real estate investments and capital commitments will be sufficient to fund the capital needs of our unconsolidated equity investments.

To maintain our qualification as a REIT under the Internal Revenue Code, we must distribute annually at least 90.0% of our taxable income. This distribution requirement limits our ability to retain earnings and thereby replenish or increase capital for operations.

See the discussion above and in Note 1 in the accompanying Consolidated Financial Statements for more information regarding restrictions under the Merger Agreement to which we are subject.

## *Cash Flows*

Net cash provided by operating activities increased \$22,221 to \$148,283 for the six months ended June 30, 2018 compared to \$126,062 for the same period in 2017. Operating cash flow was generated primarily by net rental revenue from our real estate investments.

Net cash used in investing activities for the six months ended June 30, 2018 was \$28,709 compared to net cash used in investing activities of \$130,655 during the same period in 2017. The increase in cash flow related to investing activities in 2018 is primarily attributable to a decrease in acquisition of real estate and increased proceeds from sales of real estate.

Net cash used in financing activities for the six months ended June 30, 2018 was \$90,660 as compared to net cash provided by financing activities of \$128,073 during the same period in 2017. The decrease in cash flow in 2018 is primarily attributable to net paydowns on our unsecured credit facility and increased dividend payments in 2018, as well as proceeds from sales of our common shares in 2017.

## *Equity Structure*

As of June 30, 2018 and December 31, 2017, our authorized capital shares consists of 500,000,000 shares of beneficial interest, \$0.01 par

value per share, of which we are authorized to issue up to 490,000,000 common shares of beneficial interest, \$0.01 par value per share, or common shares, and 10,000,000 preferred shares of beneficial interest, \$0.01 par value per share, or preferred shares. As of June 30, 2018, 160,792,820 common shares and 3,500,000 preferred shares were issued and outstanding.

### *Market Capitalization*

At June 30, 2018, our consolidated market capitalization was \$7,366,668 based on a common share price of \$27.32 per share, the closing price of our common shares on the NYSE on June 30, 2018. Market capitalization includes consolidated debt and common and preferred shares.

## Dividends

To maintain our qualification as a REIT, we must pay annual dividends to our shareholders of at least 90.0% of our REIT taxable income, determined before taking into consideration the dividends paid deduction and net capital gains. Before we pay any dividend, whether for U.S. federal income tax purposes or otherwise, which would only be paid out of available cash, we must first meet both our operating requirements and scheduled debt service on our mortgages and other loans payable. Under the Merger Agreement entered into on May 6, 2018, we were permitted to pay one additional common share dividend of \$0.375 per share on July 16, 2018, but will not be permitted to pay common share dividends for any quarter thereafter, subject to certain exceptions.

Dividends per share declared during 2017 and 2018 are as follows:

Quarter Ended	Common dividends <sup>1</sup>	Preferred dividends
March 31, 2017	\$ 0.375	\$ 0.445
June 30, 2017	\$ 0.375	\$ 0.445
September 30, 2017	\$ 0.375	\$ 0.445
December 31, 2017	\$ 0.375	\$ 0.445
March 31, 2018	\$ 0.375	\$ 0.445
June 30, 2018	\$ 0.375	\$ 0.445

1. Common dividends declared for a quarter are accrued for during the quarter and then paid to common shareholders of record as of the end of the quarter during the month following the quarter-end.

## Indebtedness

### Secured Debt

#### Mortgage Notes

Certain real estate assets are subject to mortgage notes. During the six months ended June 30, 2018, we did not assume any mortgage notes. During the year ended December 31, 2017, we assumed \$181,107 of non-recourse mortgages in connection with seven real estate acquisitions. During the three and six months ended June 30, 2018, we paid off the mortgage notes on four properties and recorded a net gain on extinguishment of debt of \$83 related to the payoffs. During the three and six months ended June 30, 2017, we paid off the mortgage notes on two properties. During the six months ended June 30, 2017, we refinanced the debt on two properties encumbered by a mortgage loan for \$10,456 and subsequently transferred the mortgage on these two properties to the buyer of the properties. During the three and six months ended June 30, 2017, we recorded a net gain on the early extinguishment of debt of \$268 and \$60, respectively. Our mortgage notes include a series of financial and other covenants with which we must comply in order to borrow under them. We were in compliance with the covenants under the mortgage note facilities as of June 30, 2018.

As of June 30, 2018, we had \$491,236 total outstanding principal under our mortgage notes, which encumber 46 properties, and have a weighted average remaining term of 4.8 years and a weighted average interest rate of 4.48%. Weighted averages are based on outstanding principal balances as of June 30, 2018 and the interest rate reflects the effects of interest rate swaps and amortization of financing costs and fair market value premiums or discounts. Refer to Note 5 in the accompanying Consolidated Financial Statements for additional information on our secured debt obligations.

### Unsecured Debt

#### 2015 Credit Facility and Term Loans

In December 2015, we entered into an agreement, or the Credit Agreement, for a new \$1,900,000 credit facility, or the 2015 Credit Facility, consisting of an \$850,000 senior unsecured revolving credit facility, or the 2015 Revolving Credit Facility, and a \$1,050,000 term loan facility with JPMorgan Securities LLC and Merrill Lynch, Pierce, Fenner and Smith Incorporated. The 2015 Revolving Credit Facility consists of a \$750,000 U.S. dollar revolving credit facility and a \$100,000 multicurrency revolving credit facility. The 2015 Revolving Credit Facility matures in January 2020, but may be extended for two additional six-month periods upon the payment of applicable fees and satisfaction of certain customary conditions. The term loan facility, or the 2015 Term Loan, consists of a \$300,000 term loan facility that matures in January 2019 with one 12-

month extension option, or the 3-Year Term Loan, and a \$750,000 term loan facility that matures in January 2021, or the 5-Year Term Loan. In December 2015, we also entered into a \$175,000 7-year unsecured term loan with Capital One, N.A., or the 7-Year Term Loan, which matures in January 2023. In October 2017, we modified the 7-Year Term Loan by increasing the loan amount to \$400,000 and reducing the interest rate to the terms described below.

Outstanding borrowings under the 2015 Revolving Credit Facility incur interest at a floating rate based upon, at our option, either (i) adjusted LIBOR plus an applicable margin ranging from 0.88% to 1.55%, depending on our credit ratings, or (ii) the alternate base rate plus an applicable margin ranging from 0.00% to 0.55%, depending on our credit ratings. We are also required to pay quarterly in arrears a 0.13% to 0.30% facility fee, depending on the credit ratings, on the total commitments under the 2015 Revolving Credit Facility. Outstanding borrowings under the 2015 Term Loan and 7-Year Term Loan incur interest at a floating rate based upon, at our option, either (i) adjusted LIBOR plus an applicable margin ranging from 0.90% to 1.75%, depending on our credit ratings, or (ii) the alternate base rate plus an applicable margin ranging from 0.00% to 0.75%, depending on our credit ratings. The alternate base rate for the 2015 Revolving Credit Facility and 7-Year Term Loan is the greater of (x) the prime rate announced by JPMorgan Chase Bank, N.A. or Capital One, respectively, (y) 0.50% above the Federal Funds Effective Rate, and (z) the adjusted LIBOR for a one-month interest period plus 1.00%.

Our unsecured borrowing facilities include a series of financial and other covenants with which we must comply in order to borrow under them. We were in compliance with the covenants under the facilities as of June 30, 2018. Refer to the table at the end of Note 5 in the accompanying Consolidated Financial Statements for specific terms and our outstanding borrowings under the facilities.

#### ***Senior Unsecured Notes***

During 2015 and 2016, we issued and sold an aggregate \$500,000 principal amount of senior unsecured notes payable in private placements, which have maturities ranging from 2022 through 2026 and bear interest semiannually at rates ranging from 3.89% to 4.97%. Refer to the table at the end of the section for specific terms of the outstanding notes.

#### ***Exchangeable Senior Notes***

In September 2017, our \$115,000 of 3.75% Exchangeable Senior Notes were exchanged for 5,258,420 of our common shares.

The terms of our unsecured sources of financing and their combined aggregate principal maturities as of June 30, 2018 and December 31, 2017 are as follows:

## *Derivatives and Non-Derivative Hedging Instruments*

As of June 30, 2018, our derivative instruments consist of interest rate swaps, which are cash flow hedges and are reported at fair value in other assets or other liabilities depending on the ending balance. Changes in the effective portion of the fair value of derivatives designated as hedging instruments are recognized in other comprehensive income until the hedged item expires or is recognized in earnings. Prior to our adoption of ASU 2017-12 on January 1, 2018, described in Note 2 in the accompanying Consolidated Financial Statements, the ineffective portion of the change in fair value of a derivative designated as a hedge was immediately recognized in earnings, however subsequent to adoption the entire change in fair value is recognized in other comprehensive income until the hedged item is recognized in earnings. As a result of adoption, we recorded a decrease to our opening retained earnings balance and a corresponding increase to our opening accumulated other comprehensive income balance of \$103 as of January 1, 2018, which represents the cumulative amount of hedge ineffectiveness recorded in the Consolidated Statements of Operations at the time of adoption. Derivative accounting may increase or decrease reported net income and shareholders' equity, depending on future levels of LIBOR interest rates, foreign exchange rates, and other variables affecting the fair values of derivative instruments and hedged items, but will have no effect on cash flows, provided the contract is carried through to full term.

Borrowings on the multicurrency tranche of our 2015 Revolving Credit Facility, which are designated as non-derivative net investment hedges, are recognized at par value based on the exchange rate in effect on the date of the draw. Subsequent changes in the exchange rate of our non-derivative net investment hedge are recognized as part of the cumulative foreign currency translation adjustment within other comprehensive income. Refer to Note 7 and Note 8 in the accompanying Consolidated Financial Statements for additional information on our derivatives and non-derivative hedging instruments, including the fair value measurement of these instruments, as applicable.

The following table summarizes our derivatives and hedging instruments at June 30, 2018. The aggregate fair value of our derivatives is presented in our Consolidated Balance Sheets in derivative instruments and the aggregate carrying value of the non-derivative net investment hedges is included in the balance of our 2015 Revolving Credit Facility. The notional value is an indication of the extent of our involvement in this instrument at that time, but does not represent exposure to credit, interest rate or market risks.

1. Periods prior to January 1, 2018, when we adopted ASU 2017-12, include only the effective portion and periods subsequent to January 1, 2018 include both the effective and ineffective portions as the two amounts are no longer separately measured and reported. The six months ended June 30, 2018 includes \$103 related to the adoption of ASU 2017-02.
2. Represents the ineffective portion and pertains only to periods prior to January 1, 2018, when we adopted ASU 2017-12.
3. Amounts represent gain recognized during the three and six months ended June 30, 2018 related to the termination of our forward starting swap in June 2018.

Refer to Note 8 in the accompanying Consolidated Financial Statements for additional information on our derivative and non-derivative hedging instruments.

## Contractual Obligations

We are obligated to fund capital expenditures related to our real estate investments, which primarily consist of expenditures to maintain assets, tenant improvement allowances and other construction or expansion obligations under tenant leases, and leasing commissions. As of June 30, 2018, we had commitments relating to tenant improvement allowances and funding obligations under leases totaling approximately \$10,243 that are expected to be funded over the next five years. As of June 30, 2018, we are obligated to fund the development of two properties and remaining improvements at two development properties, for which we have remaining cumulative future commitments of \$40,265.

We have committed \$61,730 (€52,187) to the Gramercy European Property Fund III. We contributed \$28,186 (€23,478) to the Gramercy European Property Fund III as of June 30, 2018. Foreign currency commitments have been converted into U.S. dollars based on (i) the foreign exchange rate at the closing date for completed transactions and (ii) the exchange rate that prevailed on June 30, 2018, in the case of unfunded commitments.

We have a 51.0% interest in the E-Commerce JV and have committed capital to fund our pro rata share of the E-Commerce JV's initial acquisition of six properties, as well as the acquisition of additional properties in the future, subject to the partners' approval. Our pro rata funding commitment for the initial six properties is estimated at approximately \$110,000, which will be funded using a combination of OP Units and cash. As of June 30, 2018, we contributed approximately \$61,304 to the E-Commerce JV, of which \$15,565 was contributed in cash.

We committed to fund \$100,000 to Strategic Office Partners, of which \$32,427 was funded as of June 30, 2018. In July 2018, we sold our 25.0% interest in Strategic Office Partners to our investment partner, TPG Real Estate, and following the sale we have no outstanding commitment to Strategic Office Partners. Refer to Note 15 in the accompanying Consolidated Financial Statements for more information on the transaction. See Note 4 in the accompanying Consolidated Financial Statements for further information on the Gramercy European Property Fund III, the E-Commerce JV, and Strategic Office Partners.

We have certain properties acquired that are subject to ground leases, which are accounted for as operating leases. The ground leases have varying ending dates, renewal options and rental rate escalations, with the latest leases extending to June 2053. Combined aggregate principal maturities and future minimum payments of our unsecured debt obligations, non-recourse mortgages, and ground leases, in addition to associated interest payments as of June 30, 2018 are as follows:

	July 1 to December 31, 2018	2019	2020	2021	2022	Thereafter	Above market interest	Total

1. Mortgage note payments reflect accelerated repayment dates, when applicable, pursuant to the related agreement.

2. Interest payments do not reflect the effect of interest rate swaps.

We have several office locations, which are each subject to operating lease agreements. These office locations include our corporate office at 90 Park Avenue, New York, New York, and our various regional offices located across the United States and Europe.

### Leasing Agreements

Future minimum rental revenue under non-cancelable leases, excluding reimbursements for operating expenses, as of June 30, 2018 are as follows:

	July 1 to December 31, 2018	2019	2020	2021	2022	Thereafter	Total
<b>Future Rents</b>	\$ 228,714	\$ 451,176	\$ 433,706	\$ 401,860	\$ 351,738	\$ 1,826,972	<b>\$ 3,694,166</b>

Future straight-line rent adjustments under non-cancelable leases as of June 30, 2018 are as follows:

	July 1 to December 31, 2018	2019	2020	2021	2022	Thereafter	Total
<b>Straight-line Rent Adjustments</b>	\$ 10,622	\$ 14,724	\$ 5,445	\$ (513)	\$ (3,543)	\$ (104,989)	<b>\$ (78,254)</b>

### Off-Balance Sheet Arrangements

We have off-balance sheet investments, including joint ventures and equity investments. These investments all have varying ownership structures. Substantially all of our joint venture and equity investment arrangements are accounted for under the equity method of accounting as we have the ability to exercise significant influence, but not control over the operating and financial decisions of these joint venture and equity investment arrangements. Our off-balance sheet arrangements and financial results are discussed in detail in Note 4 in the accompanying Consolidated Financial Statements.

### Transactions with Trustee Related Entities and Related Parties

Our CEO, Gordon F. DuGan, was on the board of directors of the Gramercy European Property Fund prior to its sale in July 2017 and committed and fully funded approximately \$1,388 (€1,250) in capital to the Gramercy European Property Fund. The two Managing Directors of Gramercy Europe Limited collectively committed and fully funded approximately \$1,388 (€1,250) in capital to the Gramercy European Property Fund prior to the sale of its assets in July 2017. Foreign currency commitments have been converted into U.S. dollars based on (i) the foreign exchange rate at the closing date for completed transactions and (ii) the exchange rate that prevailed on June 30, 2018, in the case of unfunded commitments.

### Non-GAAP Financial Measures

We use the following non-GAAP financial measures that we believe are useful to investors as a key supplemental measure of our operating performance: funds from operations attributable to common shareholders and unitholders, or FFO, core funds from operations attributable to common shareholders and unitholders, or Core FFO, and adjusted funds from operations attributable to common shareholders and unitholders, or AFFO. We present FFO because we consider it an important supplemental measure of our operating performance and believe that it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs. We also use FFO as one of several criteria

to determine performance-based incentive compensation for members of our senior management, which may be payable in cash or equity awards. The revised White Paper on FFO approved by the Board of Governors of the National Association of Real Estate Investment Trusts, or NAREIT, defines FFO as net income (loss) (determined in accordance with GAAP), excluding impairment write-downs of investments in depreciable real estate and investments in in-substance real estate investments and sales of depreciable operating properties, plus real estate-related depreciation and amortization (excluding amortization of deferred financing costs), less distributions to noncontrolling interests and gains/losses from discontinued operations and after adjustments for unconsolidated partnerships and joint ventures.

Core FFO and AFFO are Company-defined measures. Core FFO is presented excluding transaction costs, merger-related expenses, gain (loss) on extinguishment of debt, other-than-temporary impairments on retained bonds, mark-to-market on interest rate swaps, and one-time charges. Our AFFO also excludes non-cash share-based compensation expense, amortization of market lease intangibles, amortization of deferred financing costs and non-cash interest, amortization of free rent received at property acquisition, straight-line rent, and other adjustments including non-real estate depreciation and amortization and straight-line rent related to corporate office leases. Core FFO and AFFO include applicable adjustments for unconsolidated partnerships and joint ventures. We believe that Core FFO and AFFO are useful supplemental measures regarding our operating performances as they provide a meaningful and consistent comparison of our operating performance and allow investors to more easily compare our operating results.

FFO, Core FFO, and AFFO do not represent cash generated from operating activities in accordance with GAAP and should not be considered as alternatives to net income (determined in accordance with GAAP), as indications of our financial performance, or to cash flow from operating activities as measures of our liquidity, nor are they entirely indicative of funds available to fund our cash needs, including our ability to make cash distributions. Our calculation of FFO may be different from the calculation used by other companies and, therefore, comparability may be limited.

FFO, Core FFO, and AFFO for the three and six months ended June 30, 2018 and 2017 are as follows:

## Cautionary Note Regarding Forward-Looking Information

This report contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. You can identify forward-looking statements by the use of forward-looking expressions such as “may,” “will,” “should,” “expect,” “believe,” “anticipate,” “estimate,” “intend,” “plan,” “project,” “continue,” or any negative or other variations on such expressions. Forward-looking statements include information concerning possible or assumed future results of our operations, including any forecasts, projections, plans and objectives for future operations. Although we believe that our plans, intentions and expectations as reflected in or suggested by those forward-looking statements are reasonable, we can give no assurance that the plans, intentions or expectations will be achieved. We have listed below some important risks, uncertainties and contingencies which could cause our actual results, performance or achievements to be materially different from the forward-looking statements we make in this report. These risks, uncertainties and contingencies include, but are not limited to, the following:

- risks associated with our ability to obtain the shareholder approval required to consummate the Merger and the timing of the closing of the Mergers, including the risks that a condition to closing would not be satisfied within the expected timeframe or at all or that the closing of the Mergers will not occur;
- unanticipated difficulties or expenditures relating to the Mergers;
- the occurrence of any change, effect, event, circumstance, occurrence or state of facts that could give rise to the termination of the Merger Agreement;
- the outcome of any legal proceedings that have been, or may be, instituted against the parties and others related to the Merger Agreement;
- unanticipated difficulties or expenditures relating to the transaction, the response of business partners and competitors to the announcement of the Merger Agreement and/or potential difficulties in employee retention as a result of the announcement and pendency of the Merger Agreement;
- our exclusive remedy against the counterparties to the Merger Agreement with respect to any breach of the Merger Agreement being to seek payment by Parent of a termination fee in the amount of \$414 million (which amount is guaranteed by Blackstone Real Estate Partners VIII L.P.), which may not be adequate to cover our damages;
- our restricted ability to pay dividends to the holders of our common shares pursuant to the Merger Agreement;
- the success or failure of our efforts to implement our current business strategy;
- our ability to identify and complete additional property acquisitions and risks of real estate acquisitions;
- availability of investment opportunities on real estate assets and real estate-related and other securities;
- the performance and financial condition of tenants and corporate customers;
- the adequacy of our cash reserves, working capital and other forms of liquidity;
- the availability, terms and deployment of short-term and long-term capital;
- demand for industrial and office space;
- the actions of our competitors and our ability to respond to those actions;
- the timing of cash flows from our investments;
- the cost and availability of our financings, which depends in part on our asset quality, the nature of our relationships with our lenders and other capital providers, our business prospects and outlook and general market conditions;

- unanticipated increases in financing and other costs, including a rise in interest rates;

- economic conditions generally and in the commercial finance and real estate markets;
- changes in governmental regulations, tax rates and similar matters;
- legislative and regulatory changes (including changes to real estate and zoning laws, laws governing the taxation of REITs or the exemptions from registration as an investment company);
- our international operations, including unfavorable foreign currency rate fluctuations, enactment or changes in laws relating to foreign ownership of property, and local economic or political conditions that could adversely affect our earnings and cash flows;
- reduction in cash flows received from our investments;
- volatility or reduction in the value or uncertain timing in the realization of our retained collateralized debt obligation bonds;
- our ability to profitably dispose of non-core assets;
- availability of, and ability to retain, qualified personnel and trustees;
- changes to our management and board of trustees;
- environmental and/or safety requirements and risks related to natural disasters;
- declining real estate valuations and impairment charges;
- our ability to satisfy complex rules in order for us to qualify as a REIT for U.S. federal income tax purposes and qualify for our exemption under the Investment Company Act of 1940, as amended, our Operating Partnership's ability to satisfy the rules in order to qualify as a partnership for U.S. federal income tax purposes, and the ability of certain of our subsidiaries to qualify as REITs and certain of our subsidiaries to qualify as taxable REIT subsidiaries for U.S. federal income tax purposes, and our ability and the ability of our subsidiaries to operate effectively within the limitations imposed by these rules;
- uninsured or underinsured losses relating to our properties;
- our inability to comply with the laws, rules and regulations applicable to companies, and in particular, public companies;
- tenant bankruptcies and defaults on or non-renewal of leases by tenants;
- decreased rental rates or increased vacancy rates;
- the continuing threat of terrorist attacks on the national, regional and local economies; and
- other factors discussed under Item 1A, "Risk Factors" of our Annual Report on Form 10-K and those factors that may be contained in any subsequent filing we make with the SEC, which are or will be incorporated by reference herein.

We assume no obligation to update publicly any forward-looking statements, whether as a result of new information, future events, or otherwise. In evaluating forward-looking statements, you should consider these risks and uncertainties, together with the other risks described from time-to-time in our reports and documents which are filed with the SEC, and you should not place undue reliance on those statements.

The risks included here are not exhaustive. Other sections of this report may include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a very competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risk factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

(Unaudited, dollar amounts in thousands)

Market risk includes risks that arise from changes in interest rates, credit, commodity prices, equity prices and other market changes that affect market sensitive instruments. In pursuing our business plan, we expect that the primary market risks to which we will be exposed are real estate, interest rate and credit risks. These risks are highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors that are beyond our control.

#### Real Estate Risk

Commercial property values and net operating income derived from such properties are subject to volatility and may be affected adversely by a number of factors, including, but not limited to, national, regional and local economic conditions, local real estate conditions (such as an oversupply of retail, industrial, office or other commercial or multi-family space), changes or continued weakness in specific industry segments, construction quality, age and design, demographic factors, retroactive changes to building or similar codes, and increases in operating expenses (such as energy costs). We may seek to mitigate these risks by employing careful business selection, rigorous underwriting and credit approval processes and attentive asset management.

#### Interest Rate Risk

Interest rate risk is highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond our control. Our operating results will depend in large part on differences between the income from our assets and our borrowing costs. Our real estate assets generate income principally from fixed long-term leases and we are exposed to changes in interest rates primarily from floating rate borrowing arrangements. We expect that we will primarily finance our investments in commercial real estate with fixed rate, senior unsecured debt, however, to the extent that we use floating rate borrowing arrangements, our net income from our real estate investments will generally decrease if LIBOR increases. We have used, and may continue to use, interest rate caps or swaps and forward starting swaps to manage our exposure to interest rate changes. We may also employ forward starting derivative instruments to hedge qualifying anticipated transactions. We currently have a 2015 Revolving Credit Facility, several term loans and one mortgage note which are based upon a floating rate which have an aggregate outstanding balance of \$1,906,514 at June 30, 2018, of which \$1,464,741 is hedged effectively by interest rate swaps which we believe will mitigate the interest rate risk related to these borrowings.

The following chart shows our floating rate debt instruments, including debt that is hedged by interest rate swaps, and the related interest rates, maturity dates and balances as of June 30, 2018:

<b>Floating Rate Debt Instrument</b>	<b>Stated Interest Rate</b>	<b>Effective Interest Rate <sup>1</sup></b>	<b>Maturity Date</b>	<b>Balance at June 30, 2018</b>
2015 Revolving Credit Facility <sup>2</sup>	3.08%	3.08%	1/8/2020	\$ 405,000
2015 Revolving Credit Facility - Multicurrency tranche <sup>2</sup>	1.11%	1.11%	1/8/2020	36,773
3-Year Term Loan	3.23%	2.33%	1/8/2019	300,000
5-Year Term Loan	3.23%	2.70%	1/8/2021	750,000
7-Year Term Loan	3.08%	3.00%	1/9/2023	400,000
Mortgage note payable - Waco	4.10%	4.75%	12/19/2020	14,741
<b>Total Floating Rate Debt Instruments</b>				<b>\$ 1,906,514</b>

1. Represents the rate at which interest expense is recorded for financial reporting purposes as of June 30, 2018, which reflects the effect of interest rate swaps and amortization of financing costs and fair market value premiums or discounts.
2. These floating rate debt instruments are not hedged by interest rate swaps.

The following chart shows a hypothetical 100 basis point increase in interest rates along the entire interest rate curve for the interest rate risk related to the 2015 Revolving Credit Facility:

<b>Change in LIBOR</b>	<b>Projected Decrease in Net Income</b>
<b>Base case</b>	
+100 bps	\$ (1,129)
+200 bps	\$ (2,258)
+300 bps	\$ (3,387)

### Credit Risk

Credit risk refers to the ability of each tenant in our portfolio of real estate investments to make contractual lease payments on the scheduled due dates. We seek to reduce credit risk of our real estate investments by entering into long-term leases with tenants after a careful evaluation of credit worthiness as part of our property acquisition process. If defaults occur, we employ our asset management resources to mitigate the severity of any losses and seek to relet the property. In the event of a significant rising interest rate environment and/or economic downturn, tenant delinquencies and defaults may increase and result in credit losses that would materially and adversely affect our business, financial condition and results of operations.

### Foreign Currency Exchange Rate Risk

During the periods presented, we had investments, either directly or through unconsolidated equity interests, in Europe and Asia, and we perform asset management services and have capital commitments to an equity investment in Europe. As a result, we are subject to exchange rate risk from the effects of exchange rate movements in the euro and the British pound sterling, which may affect future costs and cash flows. We hedge our foreign currency exposure related to our foreign investments primarily by financing our investments in the local currency denominations and through the use of net investment hedge instruments. Additionally, we may enter into foreign currency forward contracts to manage our exposure to foreign currency exchange rate movements. We are currently a net payer of various foreign currencies (we pay out more cash than we receive) due to our commitments to the Gramercy European Property Fund III, and therefore our foreign operations benefit from a weaker U.S. dollar, and are adversely affected by a stronger U.S.

dollar, relative to the foreign currency. In 2017, we were a net receiver of various foreign currencies as our commitments to the Gramercy European Property Fund were fully funded and, in July 2017, the assets in the Gramercy European Property Fund as well as our interest in the Goodman Europe JV were sold to a third party.

As of June 30, 2018 and December 31, 2017, we had outstanding borrowings of \$36,773 (€21,300 and £9,000) and \$12,162 (€0 and £9,000), respectively, under the multicurrency tranche of our 2015 Revolving Credit Facility, which we designated as a non-derivative net investment hedging instrument pursuant to ASC 815 to mitigate our risk from fluctuations in the exchange rates between the U.S. dollar and both the euro, prior to the aforementioned sale of our euro-denominated investments, and British pound sterling. Our unhedged net investment in foreign currencies was \$3,752 and \$6,555 as of June 30, 2018 and December 31, 2017, respectively, based on the period ending U.S. dollar values of the hedge of \$36,773 and \$12,162, respectively.

## ITEM 4. CONTROLS AND PROCEDURES

### *Gramercy Property Trust*

#### **Evaluation of Disclosure Controls and Procedures**

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time frame specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure based closely on the definition of "disclosure controls and procedures" in Rule 13a-15(e). Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within our company to disclose material information otherwise required to be set forth in our periodic reports. Also, we have investments in certain unconsolidated entities. As we do not control these entities, our disclosure controls and procedures with respect to such entities are necessarily substantially more limited than those we maintain with respect to our consolidated subsidiaries.

As of the end of the period covered by this report, we carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

#### **Changes in Internal Control over Financial Reporting**

There were no changes in our internal control over financial reporting identified in connection with the evaluation of such internal control that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## **PART II OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS**

Gramercy and its board of trustees are named as defendants in three pending lawsuits brought by purported Gramercy shareholders challenging the proposed transaction between the Company and affiliates of Blackstone: Anderson v. Gramercy Property Trust et al., No. 1:18-cv-05335-PCK, a purported class action, was filed in the United States District Court for the Southern District of New York on June 13, 2018, Franchi v. Gramercy Property Trust et al., No. 1:18-cv-01842-ELH, a purported class action, was filed in the United States District Court for the District of Maryland on June 20, 2018, and Madry v. Gramercy Property Trust et al., No. 1:18-cv-01851-TDC, an individual action, was filed in the United States District Court for the District of Maryland on June 21, 2018. The complaints allege, among other things, that the individual defendants caused the Company to file a materially incomplete and misleading preliminary proxy statement relating to the proposed transaction in violation of Sections 14(a) and 20(a) of the Exchange Act. The Anderson and Madry complaints seek a variety of equitable and injunctive relief, including enjoining defendants from consummating the proposed merger transaction unless and until the Company provides supplemental disclosures, unspecified damages and, in the case of the Anderson complaint, rescission of the Merger Agreement or any of the terms thereof, or rescissory damages. The Franchi complaint seeks, among other relief, to enjoin defendants from proceeding with, consummating or closing the proposed merger transaction, rescission of the merger transaction or rescissory damages, and dissemination of a supplemental proxy statement. All three complaints also seek an award of attorneys' and expert fees and expenses. We believe the lawsuits are without merit. We are unable to predict the outcome of these matters.

In addition, we and/or one or more of our subsidiaries are party to various litigation matters that are considered routine litigation incidental to our or their business, none of which are considered material.

### **ITEM 1A. RISK FACTORS**

Our Annual Report on Form 10-K for the year ended December 31, 2017 includes detailed discussions of our risk factors in the section entitled "Part I, Item 1A. Risk Factors." Set forth below are certain changes from the risk factors previously disclosed in our Annual Report on Form 10-K, which we are including in this quarterly report on Form 10-Q as a result of our entering into the Merger Agreement on May 6, 2018, as further described above. You should carefully consider the risk factors discussed in our Annual Report on Form 10-K, as well as the other information in this report, which could materially harm our business, financial condition, results of operations, growth prospects or the value of our securities.

#### **Risks Related to the Mergers**

***There may be unexpected delays in the completion of the Mergers, or the Mergers may not be completed at all.***

The Mergers are currently expected to close during the second half of 2018, assuming that all of the conditions in the Merger Agreement are satisfied or waived. The Merger Agreement provides that either we or Parent may terminate the Merger Agreement if the Mergers have not occurred by November 6, 2018. Certain events may delay the completion of the Mergers or result in a termination of the Merger Agreement. Some of these events are outside the control of either party. In particular, the Company Merger and the other transactions contemplated by the Merger Agreement must be approved by the affirmative vote of the holders of common shares as of the record date for the special meeting entitled to cast not less than a majority of all the votes entitled to be cast on the matter. If the required vote is not obtained at a special meeting (including any adjournment or postponement thereof) at which the Company Merger has been voted

upon, either we or Parent may terminate the Merger Agreement. We may incur significant additional costs in connection with any delay in completing the Mergers or termination of the Merger Agreement, in addition to significant transaction costs, including legal, financial advisory, accounting, and other costs we have already incurred. We can neither assure you that the conditions to the completion of the Mergers will be satisfied or waived or that any adverse change, effect, event, circumstance, occurrence or state of facts that could give rise to the termination of the Merger Agreement will not occur, nor provide any assurances as to whether or when the Mergers will be completed.

In addition, under the terms of the Merger Agreement, we may not declare or pay any future dividends (other than the regular quarterly dividend of \$0.375 per common share for the quarter ended June 30, 2018, which was declared on April 30, 2018 and paid on July 16, 2018 to shareholders of record at the close of business on June 29, 2018) to the holders of our common shares during the term of the Merger Agreement without the prior written consent of Parent, subject to certain exceptions. Depending on when the Mergers are consummated, these restrictions may prevent holders of our common shares from receiving dividends that they might otherwise have received.

***Failure to complete the Mergers in a timely manner or at all could negatively affect our share price and future business and financial results.***

There is no assurance that the Mergers will occur or that the conditions to the Mergers will be satisfied in a timely manner or at all. Also, there is no assurance that an event, change, or other circumstance that could give rise to the termination of the Merger Agreement will not occur. Delays in completing the Mergers or the failure to complete the Mergers at all could negatively affect our future business and financial results, and, in that event, the market price of our common shares may decline significantly, particularly to the extent that the current market price reflects a market assumption that the Mergers will be completed. If the Mergers are not completed for any reason, we will be subject to several risks, including the diversion of management focus and resources from operational matters and other strategic opportunities while working to implement the Mergers, any of which could materially adversely affect our business, financial condition, results of operations and the value of our securities.

***The pendency of the Mergers could adversely affect our business and operations.***

In connection with the pending Mergers, some of our current or prospective tenants, lenders, joint venture partners or vendors may delay or defer decisions, which could negatively impact our revenues, earnings, cash flows and expenses, regardless of whether the Mergers are completed. In addition, under the Merger Agreement, we are subject to certain restrictions on the conduct of our business prior to completing the Mergers. These restrictions may prevent us from pursuing certain strategic transactions, undertaking certain capital projects, undertaking certain financing transactions and otherwise pursuing other actions that are not in the ordinary course of business, even if such actions could prove beneficial and may cause us to forego certain opportunities we might otherwise pursue absent the Merger Agreement. Additionally, the pendency of the Mergers may make it more difficult for us to effectively recruit, retain and incentivize key personnel and may cause distractions from our strategy and day-to-day operations for our current employees and management.

***An adverse judgment in a lawsuit challenging the Mergers may prevent the Mergers from becoming effective or from becoming effective within the expected timeframe.***

We and the members of our board of trustees have been named as defendants in two purported class action lawsuits, and a third individual action, related to the Mergers, and seeking, among other things, to enjoin us from consummating the Mergers. Our shareholders may file additional lawsuits challenging the Mergers or the other transactions contemplated by the Merger Agreement, which may name us and/or our board of trustees as defendants. We cannot assure you as to the outcome of such lawsuits, including the amount of costs associated with defending these claims or any other

liabilities that may be incurred in connection with the litigation of these claims. If plaintiffs are successful in obtaining an injunction prohibiting the parties from completing the Mergers on the agreed-upon terms, such an injunction may delay the completion of the Mergers in the expected timeframe, or may prevent the Mergers from being completed altogether. Whether or not any plaintiff's claim is successful, this type of litigation may result in significant costs and divert management's attention and resources, which could adversely affect the operation of our business.

***Counterparties to certain of our agreements may have consent rights in connection with the Mergers.***

We are party to certain agreements that give the counterparties to such agreements certain rights, including consent rights, in connection with "change in control" transactions or otherwise. Under certain of these agreements, the Mergers may constitute a "change in control" or otherwise give rise to consent rights and, therefore, the counterparties may assert their rights in connection with the Mergers, including in the case of indebtedness, acceleration of amounts due. Any such counterparty may request modifications of its agreements as a condition to granting a waiver or consent under those agreements, and there can be no assurance that such counterparties will not exercise their rights under the agreements, including termination rights where available. In addition, the failure to obtain consent under one agreement may be a default under other agreements and, thereby, trigger rights of the counterparties to such other agreements, including termination rights where available.

### CERTIFICATION

I, Gordon F. DuGan, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Gramercy Property Trust (the “registrant”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant’s other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
5. The registrant’s other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial

reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
- (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

### CERTIFICATION

I, Jon W. Clark, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Gramercy Property Trust (the "registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

- (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
